OneWater Marine Inc. Announces Fiscal Second Quarter Results

5/1/2025

Updating Outlook in an Uncertain Macroeconomic Environment

Fiscal Second Quarter 2025 Highlights

- Revenue decreased 1% to \$484 million
- Same-store sales decreased 2%
- Gross profit margin of 22.8%
- GAAP net loss of \$375 thousand, or \$(0.02) per diluted share and adjusted diluted earnings per share¹ of \$0.13
- Adjusted EBITDA¹ of \$18 million

BUFORD, Ga.--(BUSINESS WIRE)-- OneWater Marine Inc. (NASDAQ: ONEW) ("OneWater" or the "Company") today announced results for its fiscal second quarter ended March 31, 2025.

"Our teams executed well in a challenging environment. Same store sales decreased 2%, driven primarily by lower sales in the West Coast of Florida which is still recovering from Hurricanes Helene and Milton," commented Austin Singleton, Chief Executive Officer at OneWater. "We continue to benefit from our strategic approach to inventory management and strong operational execution, which led to a 12% inventory reduction year over year and 5% sequentially."

"From where we stand today, we do not expect the announced tariffs to have a material impact on our current model year product and will work closely with our manufacturing partners as we prepare for the upcoming model year boats. However, we are taking a more cautious approach to the selling season given the impact of considerable macroeconomic uncertainty on consumer demand. Consequently, we are updating our outlook for

the remainder of the year. As we navigate this difficult environment, we remain focused on executing our strategic priorities, rationalizing our brand portfolio and accelerating cost reduction initiatives to position OneWater for long-term success."

Total revenues	\$ 483,521	\$ 488,321	\$ (4,800)	(1.0)%

Fiscal Second Quarter 2025 Results

Revenue for fiscal second quarter 2025 was \$483.5 million, a decrease of 1.0% compared to \$488.3 million in fiscal second quarter 2024. Same-store sales decreased 2%. New boat revenue decreased 5.4%, driven by a decrease in units sold. Pre-owned boat revenue increased 14.1%, driven by the increase in units sold and average price per unit. Finance & insurance income increased as a percentage of total boat sales, and service, parts & other sales were up 2.4% compared to the prior year quarter. Dealership service, parts, and other sales increased in the quarter while Distribution segment sales were lower due to reduced production by boat manufacturers.

Gross profit totaled \$110.4 million for fiscal second quarter 2025, down \$10.0 million from \$120.4 million for fiscal second quarter 2024. Gross profit margin of 22.8% decreased 180 basis points compared to the prior year period, driven by the impact of select brands the Company is exiting, new boat model mix and pricing on continuing brands.

Fiscal second quarter 2025 selling, general and administrative expenses totaled \$87.8 million, or 18.2% of revenue, compared to \$86.5 million, or 17.7% of revenue, in fiscal second quarter 2024. The increase in selling, general and administrative expenses as a percentage of revenue was driven by increased cost of boat shows and inflationary costs related to administrative and fixed expenses.

Net loss for fiscal second quarter 2025 totaled \$(0.4) million, compared to net loss of \$(4.5) million in fiscal second quarter 2024. The Company reported net loss per diluted share for fiscal second quarter 2025 of \$(0.02), compared to net loss per diluted share of \$(0.27) in 2024. Adjusted diluted earnings per share¹ for fiscal second quarter 2025 was \$0.13, compared to adjusted diluted earnings per share¹ of \$0.67 in 2024.

Fiscal second quarter 2025 Adjusted EBITDA¹ decreased to \$17.9 million compared to \$28.3 million for fiscal second quarter 2024.

As of March 31, 2025, the Company's cash and cash equivalents balance was \$67.5 million and total liquidity, including cash and availability under credit facilities, was in excess of \$74.0 million. Total inventory as of March 31, 2025, decreased 12.4% to \$602.4 million, compared to \$687.5 million on March 31, 2024, primarily driven by the

Company's inventory management.

Total long-term debt as of March 31, 2025 was \$427.2 million, and adjusted long-term net debt (net of \$67.5 million

cash)¹ was 5.4 times trailing twelve-month Adjusted EBITDA¹.

Fiscal Year 2025 Guidance

The Company is updating its previously issued fiscal full year 2025 outlook. For fiscal full year 2025, OneWater anticipates revenue to be in the range of \$1.7 billion to \$1.8 billion and dealership same-store sales to be flat to down low single digits. Adjusted EBITDA² is expected to be in the range of \$65 million to \$95 million and Adjusted

Diluted Earnings Per Share is expected to be in the range of \$0.75 to \$1.25.

Non-GAAP Financial Measures and Key Performance Indicators

This press release and our related earnings call contain certain non-GAAP financial measures, including Adjusted EBITDA, Adjusted Net Income (Loss) Attributable to OneWater Marine Inc., Adjusted Diluted Earnings (Loss) Per Share and Adjusted Long-Term Net Debt, as measures of our operating performance. Management believes these measures may be useful in performing meaningful comparisons of past and present operating results, to understand the performance of the Company's ongoing operations and how management views the business. Reconciliations of reported GAAP measures to adjusted non-GAAP measures are included in the financial schedules contained in this press release. These measures, however, should not be construed as an alternative to any other measure of performance determined in accordance with GAAP. Because our non-GAAP financial measures may be defined differently by other companies, our definition of these non-GAAP financial measures may not be comparable to similarly titled measures of other companies, thereby diminishing its utility. We have not reconciled non-GAAP forward-looking measures, including Adjusted EBITDA and Adjusted Earnings (Loss) Per Diluted Share guidance, to their corresponding GAAP measures due to the high variability and difficulty in making accurate forecasts and projections, particularly with respect to change in fair value of contingent consideration and transaction costs. Change in fair value of contingent consideration and transaction costs are affected by the acquisition, integration and post-acquisition performance of our acquirees which is difficult to predict and subject to change. Accordingly, reconciliations of forward-looking Adjusted EBITDA and Adjusted Earnings (Loss) Per Diluted Share are not available without unreasonable effort.

Adjusted EBITDA

We define Adjusted EBITDA as net income (loss) before interest expense – other, income tax (benefit) expense,

depreciation and amortization and other (income) expense, further adjusted to eliminate the effects of items such as the change in fair value of contingent consideration, restructuring and impairment, stock-based compensation and transaction costs. See reconciliation above.

Our board of directors, management team and lenders use Adjusted EBITDA to assess our financial performance because it allows them to compare our operating performance on a consistent basis across periods by removing the effects of our capital structure (such as varying levels of interest expense), asset base (such as depreciation and amortization) and other items (such as the change in fair value of contingent consideration, income tax (benefit) expense, restructuring and impairment, stock-based compensation and transaction costs) that impact the comparability of financial results from period to period. We present Adjusted EBITDA because we believe it provides useful information regarding the factors and trends affecting our business in addition to measures calculated under GAAP. Adjusted EBITDA is not a financial measure presented in accordance with GAAP. We believe that the presentation of this non-GAAP financial measure will provide useful information to investors and analysts in assessing our financial performance and results of operations across reporting periods by excluding items we do not believe are indicative of our core operating performance.

Adjusted Net (Loss) Income Attributable to OneWater Marine Inc. and Adjusted Diluted (Loss) Earnings Per Share

We define Adjusted Net (Loss) Income Attributable to OneWater Marine Inc. as Net (Loss) Income Attributable to OneWater Marine Inc. before transaction costs, intangible amortization, change in fair value of contingent consideration, restructuring and impairment and other expense (income), all of which are then adjusted for an allocation to the non-controlling interest of OneWater Marine Holdings, LLC. Each of these adjustments are subsequently adjusted for income tax at an estimated effective tax rate. Management also reports Adjusted Diluted (Loss) Earnings Per Share which presents all of the adjustments to Net (Loss) Income Attributable to OneWater Marine Inc. noted above on a per share basis. See reconciliation above.

Our board of directors, management team and lenders use Adjusted Net (Loss) Income Attributable to OneWater Marine Inc. and Adjusted Diluted (Loss) Earnings Per Share to assess our financial performance because it allows them to compare our operating performance on a consistent basis across periods by removing the effects of unusual or one time charges and other items (such as the change in fair value of contingent consideration, intangible amortization, restructuring and impairment, transaction costs and other expense (income)) that impact the comparability of financial results from period to period. We present these metrics because we believe they provide useful information regarding the factors and trends affecting our business in addition to measures calculated under GAAP. Adjusted Net (Loss) Income Attributable to OneWater Marine Inc. and Adjusted Diluted (Loss) Earnings Per Share are not financial measures presented in accordance with GAAP. We believe that the presentation of these non-GAAP financial measures will provide useful information to investors and analysts in

assessing our financial performance and results of operations across reporting periods by excluding items we do not believe are indicative of our core operating performance.

Adjusted Long-Term Net Debt

We define Adjusted Long-Term Net Debt as long-term debt (including current portion) less cash. We consider, and we believe certain investors and analysts consider, adjusted long-term net debt, as well as adjusted long-term net debt divided by trailing twelve-month Adjusted EBITDA, to be an indicator of our financial leverage.

Same-Store Sales

We define same-store sales as sales from our Dealership segment, excluding new and acquired stores. New and acquired stores become eligible for inclusion in the comparable store base at the end of the store's thirteenth month of operations under our ownership and revenues are only included for identical months in the same-store base periods. Stores relocated within an existing market remain in the comparable store base for all periods. Additionally, amounts related to closed or sold stores are excluded from each comparative base period. We use same-store sales to assess the organic growth of our Dealership segment revenue. We believe that our assessment on a same-store basis represents an important indicator of comparative financial results and provides relevant information to assess our performance.

Cautionary Statement Concerning Forward-Looking Statements

This press release and statements made during the above referenced conference call may contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, including regarding our strategy, future operations, financial position, prospects, plans and objectives of management, growth rate and its expectations regarding future revenue, operating income or loss or earnings or loss per share. In some cases, you can identify forward-looking statements because they contain words such as "may," "will," "will be," "will likely result," "should," "expects," "plans," "anticipates," "could," "would," "foresees," "intends," "target," "projects," "contemplates," "believes," "estimates," "predicts," "potential," "outlook" or "continue" or the negative of these words or other similar terms or expressions that concern our expectations, strategy, plans or intentions. These forward-looking statements are not guarantees of future performance, but are based on management's current expectations, assumptions and beliefs concerning future developments and their potential effect on us, which are inherently subject to uncertainties, risks and changes in circumstances that are difficult to predict. Our expectations expressed or implied in these forward-looking statements may not turn out to be correct.

Important factors, some of which are beyond our control, that could cause actual results to differ materially from our historical results or those expressed or implied by these forward-looking statements include the following:

changes in demand for our products and services, the seasonality and volatility of the boat industry, effects of industry wide supply chain challenges including a heightened inflationary environment and our ability to maintain adequate inventory, fluctuation in interest rates, adverse weather events, our acquisition and business strategies, the inability to comply with the financial and other covenants and metrics in our credit facilities, cash flow and access to capital, effects of a global public health concern on the Company's business, geopolitical risks, including the imposition of or changes in tariffs, duties, or other taxes affecting international trade, risks related to the ability to realize the anticipated benefits of any proposed acquisitions, including the risk that proposed acquisitions will not be integrated successfully, the timing of development expenditures, and other risks. More information on these risks and other potential factors that could affect our financial results is included in our filings with the Securities and Exchange Commission, including in the "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections of our Annual Report on Form 10-K for the fiscal year ended September 30, 2024 and in our subsequently filed Quarterly Reports on Form 10-Q, each of which is on file with the SEC and available from OneWater Marine's website at www.onewatermarine.com under the "Investors" tab, and in other documents OneWater Marine files with the SEC. Any forward-looking statement speaks only as of the date as of which such statement is made, and, except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether because of new information, future events, or otherwise.
