

OneWater Marine Inc. Announces the Sale of Ocean Bio-Chem Holdings, Inc.

2026-02-03

Updating Fiscal Full Year 2026 Guidance to Reflect Impact of Sale

BUFORD, Ga.--(BUSINESS WIRE)-- OneWater Marine Inc. (NASDAQ: ONEW) ("OneWater" or the "Company") today announced that it has completed the sale of Ocean Bio-Chem Holdings, Inc. ("Ocean Bio-Chem" or "OBCI") as part of its broader portfolio optimization strategy focused on core assets and long-term value creation. Proceeds from the transaction will be used to reduce debt and further strengthen the balance sheet.

"As part of our long-term strategy, we are focused on simplifying the business and allocating capital to the areas with the strongest strategic fit. The transaction enables us to sharpen our focus on core assets and enhance financial flexibility," commented Austin Singleton, Executive Chairman at OneWater. "We expect to use the \$50 million of proceeds to pay down debt, putting us on track to bring net leverage below 4.0x by our fiscal year end. This prepayment will generate approximately \$3.5 million of annual interest expense savings, strengthening cash flow. While we have not changed our view on the market in 2026, we have updated our guidance to reflect the impact of the sale."

OBCI manufactures, markets, and distributes specialty chemical products under Star brite®, Star Tron®, Odor Star®, Performacide®, and other brand names. In addition, OBCI provides private label production, blending, and packaging for many of its products. Ocean Bio-Chem is based in Ft. Lauderdale, FL with a manufacturing plant in Montgomery, AL. OneWater acquired OBCI in August 2022.

Fiscal Year 2026 Guidance

The Company is updating its previously issued fiscal full year 2026 outlook to reflect the impact of the transaction.

For fiscal full-year 2026, OneWater anticipates the industry to be flat to down low single digits year over year based on recent industry trends. When factoring in the lost revenue from exited brands, the Company expects dealership same-store sales to be flat year over year and total revenue to be in the range of \$1.78 billion to \$1.88 billion. Adjusted EBITDA is expected to be in the range of \$60 million to \$80 million and adjusted diluted earnings per share is expected to be in the range of \$0.20 to \$0.70.

About OneWater Marine Inc.

OneWater Marine Inc. is one of the largest and fastest-growing premium marine retailers in the United States. OneWater operates a total of 95 retail locations, 6 distribution centers / warehouses and multiple online marketplaces in 18 different states, several of which are in the top twenty states for marine retail expenditures. OneWater offers a broad range of products and services and has diversified revenue streams, which include the sale of new and pre-owned boats, finance and insurance products, parts and accessories, maintenance, repair and other services.

Cautionary Statement Concerning Forward-Looking Statements

This press release may contain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, including regarding our fiscal year 2026 outlook, the sale of OBCI and the use of proceeds therefrom, our strategy, future operations, financial position, prospects, plans and objectives of management and growth rate. In some cases, you can identify forward-looking statements because they contain words such as “may,” “will,” “will be,” “will likely result,” “should,” “expects,” “plans,” “anticipates,” “could,” “would,” “foresees,” “intends,” “target,” “projects,” “contemplates,” “believes,” “estimates,” “predicts,” “potential,” “outlook,” “guidance” or “continue” or the negative of these words or other similar terms or expressions that concern our expectations, strategy, plans or intentions. These forward-looking statements are not guarantees of future performance, but are based on management's current expectations, assumptions and beliefs concerning future developments and their potential effect on us, which are inherently subject to uncertainties, risks and changes in circumstances that are difficult to predict. Our expectations expressed or implied in these forward-looking statements may not turn out to be correct.

Important factors, some of which are beyond our control, that could cause actual results to differ materially from our historical results or those expressed or implied by these forward-looking statements are detailed in our filings with the Securities and Exchange Commission, including in the “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections of our Annual Report on Form 10-K for the fiscal year ended September 30, 2025 and in our subsequently filed Quarterly Reports on Form 10-Q, each of which is on file with the SEC and available from OneWater’s website at www.onewatermarine.com under the “Investors” tab, and in other documents OneWater files with the SEC. Any forward-looking statement speaks only as of the date as of which such statement is made, and, except as required by law, we undertake no obligation to update or revise

publicly any forward-looking statements, whether because of new information, future events, or otherwise.

Non-GAAP Financial Measures and Key Performance Indicators

This press release contains certain forward-looking non-GAAP financial measures, including Adjusted EBITDA, Adjusted Net Income (Loss) Attributable to OneWater Marine Inc., Adjusted Diluted Earnings (Loss) Per Share and Adjusted Long-Term Net Debt, as measures of our operating performance. Management believes these measures may be useful in performing meaningful comparisons of past and present operating results, to understand the performance of the Company's ongoing operations and how management views the business. These measures, however, should not be construed as an alternative to any other measure of performance determined in accordance with GAAP. Because our non-GAAP financial measures may be defined differently by other companies, our definition of these non-GAAP financial measures may not be comparable to similarly titled measures of other companies, thereby diminishing its utility. We have not reconciled non-GAAP forward-looking measures, including Adjusted EBITDA and adjusted diluted earnings (loss) per share guidance, to their corresponding GAAP measures due to the high variability and difficulty in making accurate forecasts and projections, particularly with respect to change in fair value of contingent consideration and transaction costs. Change in fair value of contingent consideration and transaction costs are affected by the acquisition, integration and post-acquisition performance of our acquirees which is difficult to predict and subject to change. Accordingly, reconciliations of forward-looking Adjusted EBITDA and adjusted diluted earnings per share are not available without unreasonable effort.

Adjusted EBITDA

We define Adjusted EBITDA as net income (loss) before interest expense – other, income tax (benefit) expense, depreciation and amortization and other (income) expense, further adjusted to eliminate the effects of items such as the change in fair value of contingent consideration, restructuring and impairment, stock-based compensation and transaction costs.

Our board of directors, management team and lenders use Adjusted EBITDA to assess our financial performance because it allows them to compare our operating performance on a consistent basis across periods by removing the effects of our capital structure (such as varying levels of interest expense), asset base (such as depreciation and amortization) and other items (such as the change in fair value of contingent consideration, income tax (benefit) expense, restructuring and impairment, stock-based compensation and transaction costs) that impact the comparability of financial results from period to period. We present Adjusted EBITDA because we believe it provides useful information regarding the factors and trends affecting our business in addition to measures calculated under GAAP. Adjusted EBITDA is not a financial measure presented in accordance with GAAP. We believe that the presentation of this non-GAAP financial measure provide useful information to investors and analysts in assessing

our financial performance and results of operations across reporting periods by excluding items we do not believe are indicative of our core operating performance.

Adjusted Net (Loss) Income Attributable to OneWater Marine Inc. and Adjusted Diluted (Loss) Earnings Per Share

We define Adjusted Net (Loss) Income Attributable to OneWater Marine Inc. as Net (Loss) Income Attributable to OneWater Marine Inc. before transaction costs, intangible amortization, change in fair value of contingent consideration, restructuring and impairment and other expense (income), all of which are then adjusted for an allocation to the non-controlling interest of OneWater Marine Holdings, LLC. Each of these adjustments are subsequently adjusted for income tax at an estimated effective tax rate. Management also reports Adjusted Diluted (Loss) Earnings Per Share which presents all of the adjustments to Net (Loss) Income Attributable to OneWater Marine Inc. noted above on a per share basis.

Our board of directors, management team and lenders use Adjusted Net (Loss) Income Attributable to OneWater Marine Inc. and Adjusted Diluted (Loss) Earnings Per Share to assess our financial performance because it allows them to compare our operating performance on a consistent basis across periods by removing the effects of unusual or one time charges and other items (such as the change in fair value of contingent consideration, intangible amortization, restructuring and impairment, transaction costs and other expense (income)) that impact the comparability of financial results from period to period. We present these metrics because we believe they provide useful information regarding the factors and trends affecting our business in addition to measures calculated under GAAP. Adjusted Net (Loss) Income Attributable to OneWater Marine Inc. and Adjusted Diluted (Loss) Earnings Per Share are not financial measures presented in accordance with GAAP. We believe that the presentation of these non-GAAP financial measures will provide useful information to investors and analysts in assessing our financial performance and results of operations across reporting periods by excluding items we do not believe are indicative of our core operating performance.

Adjusted Long-Term Net Debt

We define Adjusted Long-Term Net Debt as long-term debt (including current portion) less cash. We consider, and we believe certain investors and analysts consider, adjusted long-term net debt, as well as adjusted long-term net debt divided by trailing twelve-month Adjusted EBITDA, to be an indicator of our financial leverage.

Same-Store Sales

We define same-store sales as sales from our Dealership segment, excluding new and acquired stores. New and acquired stores become eligible for inclusion in the comparable store base at the end of the store's thirteenth month of operations under our ownership and revenues are only included for identical months in the same-store

base periods. Stores relocated within an existing market remain in the comparable store base for all periods. Additionally, amounts related to closed or sold stores are excluded from each comparative base period. We use same-store sales to assess the organic growth of our Dealership segment revenue. We believe that our assessment on a same-store basis represents an important indicator of comparative financial results and provides relevant information to assess our performance.
