"Our guests and team members are ready for the return of fun and signature Six Flags thrills in 2021," said Senior Vice President of Park Operations Bonnie Weber. "Last year, we set the standard for operating our parks safely, and entertained millions of guests in adherence to government, and CDC health guidelines at 21 of our 26 parks. We offered a local and outdoor entertainment venue spanning dozens to hundreds of acres where families and friends could safely spend time together. We kept our guests and team members safe by requiring masks to be worn in the parks, providing contactless temperature and security screenings, enhancing our cleaning and sanitization measures, and closely monitoring attendance throughout operating hours in order to maintain proper social distancing. Now we are hiring and preparing to reopen every Six Flags park in our system as we continue to work with state and government officials to set firm reopening dates for our parks in California, Illinois, Massachusetts, Mexico City, and Canada."

Park reopening dates are subject to change based on local, state, and federal guidelines related to COVID-19.
