Investor Presentation

September 2026

Grocery Centered. Neighborhood Focused.

PECO: More Alpha. Less Beta.

Creating alpha through operational excellence and strategic capital allocation while reducing beta through grocery-anchored stability

More Alpha

- ◆ High occupancy = pricing power
- ◆ Focused leasing and portfolio management team
- ◆ Development and redevelopment
- ◆ Disciplined acquisition strategy and execution
- ◆ Everyday Retail™
- ◆ Portfolio recycling

Less Beta

- ◆ Grocery-anchored portfolio
- ◆ Necessity-based merchandising mix
- ◆ Right-sized centers with limited credit exposure
- ◆ Investment-grade balance sheet
- ◆ Diverse capital sources
- ◆ Experienced management throughout market cycles

PECO's defensive, high-quality portfolio drives durable earnings growth

Retailers Want to Be at PECO's Neighborhood Centers

Leading grocers drive traffic. Traffic creates demand. Demand creates pricing power.

- Leading grocers create repeat weekly customer traffic that supports surrounding retailers
- High occupancy demonstrates strong retailer demand across PECO's portfolio
- Strong leasing momentum reflects retailers competing for limited available space
- Strong rent spreads demonstrate meaningful pricing power, supported by retailer sales productivity driven by centers anchored by the #1 or #2 grocer by sales in the market
- PECO's grocery-anchored centers provide retailers with access to necessity-driven shopping patterns that remain resilient across economic cycles
- Retailer demand translates into higher rents, stronger NOI growth, and long-term earnings growth for shareholders

Strategic Locations in Markets with Growing Demographics Driving Strong Rent Growth

PECO aligns with leading grocer demographics

- PECO's portfolio has an average 3-mile median household income of \$102K, which is 16% above the U.S. average
- Population growth within PECO markets has outpaced the U.S. average by 6% over the past five years
- PECO centers are located in markets with strong, growing demographics, driving rent growth and value creation
- Incomes in PECO's markets are expected to grow 27% over the next five years
- Assets sold since IPO: 3-mile median household income \$80K, population 69K
- Assets acquired since IPO: 3-mile median household income \$111K, population 80K, occupancy 91.7%⁽¹⁾

Source:
Synergos Technologies, Inc., Calculated using KLI Retrieval as of June 30, 2026
Median household income values are aggregated using household-weighted averages across centers
1. Occupancy reflects occupancy as of each property's acquisition date

Everyday Retail™ Complements Grocery-Anchored

PECO is focused on delivering essential spaces for everyday life

Strategic Positioning

- ◆ PECO has identified ~50,000 Everyday Retail™ centers across the U.S.
- ◆ Strong median household incomes, density and high-volume of vehicles per day
- ◆ Targeting fast-growing markets near the #1 or #2 grocer
- ◆ Offers reliable fundamentals similar to grocery-anchored neighborhood shopping centers

Performance Drivers

- ◆ Enhances PECO portfolio returns, same-center NOI growth and FFO per share growth
- ◆ Complements PECO's grocery-anchored core business (27% of ABR from grocers today)⁽¹⁾
- ◆ Leverages PECO's core competencies in Acquisitions, Portfolio Management and Leasing
- ◆ PECO's scale and Locally Smart™ approach positions the Company to lead in Everyday Retail™

Targets and Metrics

- ◆ Ability to scale Everyday Retail™ to \$700M to \$1B over the next five years, representing up to 10% of PECO's portfolio
- ◆ ~\$294M invested in 13 Everyday Retail™ centers since 2023⁽²⁾
- ◆ Underwritten unlevered IRRs of 10%+⁽²⁾
- ◆ Acquisition cap rates in a range of 6.4% to 7.6%⁽²⁾
- ◆ New rent spreads >40%⁽²⁾
- ◆ Renewal rent spreads >25%⁽²⁾

Strong and Flexible Investment-Grade Balance Sheet and Ample Liquidity

PECO's balance sheet provides stability, flexibility and significant liquidity

- Significant liquidity position of \$857M
- Trailing 12-month net debt to annualized adjusted EBITDAre of 5.1x⁽¹⁾
- ~88% of our assets are unencumbered
- In June and July, generated net proceeds of \$92M through the Company's ATM program⁽²⁾
- Weighted average interest rate of 4.4%⁽³⁾
- Weighted average maturity of 5.6 years⁽³⁾⁽⁴⁾
- Fixed rate debt of 96% of total debt⁽³⁾
- BBB and Baa2 investment grade ratings from S&P and Moodys; received a positive outlook from Moody's in July 2026

PECO's Long-Term Targets

- Target net debt to adjusted EBITDAre in low-to-mid 5x range
- Well-laddered debt maturities that reduce risk and avoid concentration
- Repeat issuer in the unsecured bond market

PECO has a Well-Laddered Debt Maturity Profile (\$M)⁽⁵⁾

Source:

Note:

A reconciliation of the range of the Company's Preliminary Full Year 2026 estimated net income to estimated Nareit FFO and Core FFO is available in the non-GAAP reconciliation section of this presentation

1. The Company does not provide a reconciliation for Same-Center NOI estimates on a forward-looking basis because it is unable to provide a meaningful or reasonably accurate calculation or estimation of certain reconciling items which could be significant to the Company's results without unreasonable effort.
2. Includes the prorated portion owned through the Company's unconsolidated joint ventures
3. Represents straight-line rental income and net amortization of above- and below-market leases

Safe Harbor and Non-GAAP Disclosures

PECO's Safe Harbor Statement

This presentation contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Phillips Edison & Company, Inc. (the "Company") intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of complying with the safe harbor provisions. Such forward-looking statements can generally be identified by the Company's use of forward-looking terminology such as "may," "will," "expect," "intend," "anticipate," "estimate," "believe," "continue," "seek," "objective," "goal," "strategy," "plan," "focus," "priority," "should," "could," "potential," "possible," "look forward," "optimistic," "commit," or other similar words. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this presentation. Such statements include, but are not limited to: (a) statements about the Company's plans, strategies, initiatives, and prospects; (b) statements about the Company's underwritten incremental yields; and (c) statements about the Company's future results of operations, capital expenditures, and liquidity. Such statements are subject to known and unknown risks and uncertainties, which could cause actual results to differ materially from those projected or anticipated, including, without limitation: (i) changes in national, regional, or local economic climates; (ii) local market conditions, including an oversupply of space in, or a reduction in demand for, properties similar to those in the Company's portfolio; (iii) vacancies, changes in market rental rates, and the need to periodically repair, renovate, and re-let space; (iv) competition from other available shopping centers and the attractiveness of properties in the Company's portfolio to its tenants; (v) the financial stability of the Company's tenants, including, without limitation, their ability to pay rent; (vi) the Company's ability to pay down, refinance, restructure, or extend its indebtedness as it becomes due; (vii) increases in the Company's borrowing costs as a result of changes in interest rates and other factors; (viii) potential liability for environmental matters; (ix) damage to the Company's properties from catastrophic weather and other natural events, and the physical effects of climate change; (x) the Company's ability and willingness to maintain its qualification as a REIT in light of economic, market, legal, tax, and other considerations; (xi) changes in tax, real estate, environmental, and zoning laws; (xii) information technology security breaches; (xiii) the Company's corporate responsibility initiatives; (xiv) loss of key executives; (xv) the concentration of the Company's portfolio in a limited number of industries, geographies, or investments; (xvi) the economic, political, and social impact of, and uncertainty relating to, pandemics or other health crises; (xvii) the Company's ability to re-lease its properties on the same or better terms, or at all, in the event of non-renewal or in the event the Company exercises its right to replace an existing tenant; (xviii) the loss or bankruptcy of the Company's tenants; (xix) to the extent the Company is seeking to dispose of properties, the Company's ability to do so at attractive prices or at all; and (xx) the impact of heightened geopolitical instability, international conflicts, tariffs and global trade disruptions on the Company, its tenants, and consumers, including the impact on inflation, supply chains, and consumer sentiment. Additional important factors that could cause actual results to differ are described in the filings made from time to time by the Company with the SEC and include the risk factors and other risks and uncertainties described in the Company's 2025 Annual Report on Form 10-K, filed with the SEC on February 10, 2026, as updated from time to time in the Company's periodic and/or current reports filed with the SEC, which are accessible on the SEC's website at www.sec.gov. Therefore, such statements are not intended to be a guarantee of the Company's performance in future periods. Except as required by law, the Company does not undertake any obligation to update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.

Non-GAAP Disclosures

The Company presents Same-Center NOI as a supplemental measure of its performance. The Company defines NOI as total operating revenues, adjusted to exclude non-cash revenue items and lease buyout income, less property operating expenses and real estate taxes. For the three and six months ended June 30, 2026 and 2025, Same-Center NOI represents the NOI for the 280 properties that were wholly-owned for the entirety of both calendar year periods being compared. The Company believes Same-Center NOI provides useful information to its investors about its financial and operating performance because it provides a performance measure of the revenues and expenses directly involved in owning and operating real estate assets and provides a perspective not immediately apparent from net income (loss). Because Same-Center NOI excludes the change in NOI from properties acquired or disposed of during both calendar years being compared, it highlights operating trends such as occupancy levels, rental rates, and operating costs for our same-center portfolio. Other REITs may use different methodologies for calculating Same-Center NOI, and accordingly, PECO's Same-Center NOI may not be comparable to other REITs. Same-Center NOI should not be viewed as an alternative measure of the Company's financial performance as it does not reflect the operations of its entire portfolio, nor does it reflect the impact of general and administrative expenses, depreciation and amortization, interest expense, other income (expense), or the level of capital expenditures and leasing costs necessary to maintain the operating performance of the Company's properties that could materially impact its results from operations. Nareit FFO is a non-GAAP financial performance measure that is widely recognized as a measure of REIT operating performance. The National Association of Real Estate Investment Trusts ("Nareit") defines FFO as net income (loss) computed in accordance with GAAP, excluding: (i) gains (or losses) from sales of property and gains (or losses) from change in control; (ii) depreciation and amortization related to real estate; and (iii) impairment losses on real estate and impairments of in-substance real estate investments in investees that are driven by measurable decreases in the fair value of the depreciable real estate held by the unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect Nareit FFO on the same basis. The Company calculates Nareit FFO in a manner consistent with the Nareit definition. Core FFO is an additional financial performance measure used by the Company as Nareit FFO includes certain non-comparable items that affect its performance over time. The Company believes that Core FFO is helpful in assisting management and investors with the assessment of the sustainability of operating performance in future periods, and that it is more reflective of its core operating performance and provides an additional measure to compare PECO's performance across reporting periods on a consistent basis by excluding items that may cause short-term fluctuations in net income (loss). To arrive at Core FFO, the Company adjusts Nareit FFO to exclude certain recurring and non-recurring items including, but not limited to: (i) depreciation and amortization of corporate assets; (ii) changes in the fair value of the earn-out liability; (iii) adjustments related to the Company's investments in unconsolidated joint ventures; (iv) gains or losses on the extinguishment or modification of debt and other; (v) other impairment charges; (vi) transaction and acquisition expenses; and (vii) realized performance income. Nareit FFO and Core FFO should not be considered alternatives to net income (loss) under GAAP, as an indication of the Company's liquidity, nor as an indication of funds available to cover its cash needs, including its ability to fund distributions. Core FFO may not be a useful measure of the impact of long-term operating performance on value if the Company does not continue to operate its business plan in the manner currently contemplated. Accordingly, Nareit FFO and Core FFO should be reviewed in connection with other GAAP measurements, and should not be viewed as more prominent measures of performance than net income (loss) or cash flows from operations prepared in accordance with GAAP. The Company's Nareit FFO and Core FFO, as presented, may not be comparable to amounts calculated by other REITs. Nareit defines Earnings Before Interest, Taxes, Depreciation, and Amortization for Real Estate ("EBITDAre") as net income (loss) computed in accordance with GAAP before: (i) interest expense; (ii) income tax expense; (iii) depreciation and amortization; (iv) gains or losses from disposition of depreciable property; and (v) impairment write-downs of depreciable property. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect EBITDAre on the same basis. Adjusted EBITDAre is an additional performance measure used by the Company as EBITDAre includes certain non-comparable items that affect the Company's performance over time. To arrive at Adjusted EBITDAre, the Company excludes certain recurring and non-recurring items from EBITDAre, including, but not limited to: (i) changes in the fair value of the earn-out liability; (ii) other impairment charges; (iii) adjustments related to the Company's investments in unconsolidated joint ventures; (iv) transaction and acquisition expenses; and (v) realized performance income. The Company uses EBITDAre and Adjusted EBITDAre as additional measures of operating performance which allow it to compare earnings independent of capital structure, determine debt service and fixed cost coverage, and measure enterprise value. Additionally, the Company believes they are a useful indicator of its ability to support its debt obligations. EBITDAre and Adjusted EBITDAre should not be considered as alternatives to net income (loss), as an indication of the Company's liquidity, nor as an indication of funds available to cover its cash needs, including its ability to fund distributions. Accordingly, EBITDAre and Adjusted EBITDAre should be reviewed in connection with other GAAP measurements, and should not be viewed as more prominent measures of performance than net income (loss) or cash flows from operations prepared in accordance with GAAP. The Company's EBITDAre and Adjusted EBITDAre, as presented, may not be comparable to amounts calculated by other REITs.

Appendix

PECO Continues to Deliver Market-Leading Operating and Financial Results

PECO's resilient operating platform and disciplined growth strategy continue to support strong performance relative to peers

PECO is Committed to Long-Term Growth, and Management has Meaningful Skin in the Game

- ◆ PECO ranks #2 among its peers in Nareit FFO per share growth at the midpoint of 2026 guidance⁽¹⁾⁽²⁾
- ◆ PECO ranks #2 among its peers for average Same-Center NOI growth from 2019 – YTD Q2 2026⁽¹⁾⁽³⁾
- ◆ PECO ranks #1 among its peers in comparable renewal spreads for Q2 2026⁽¹⁾
- ◆ PECO ranks #1 among its peers in management ownership of the total Company⁽⁴⁾

PECO's Grocery-Anchored Portfolio Carries Low Risk with More Alpha, Less Beta

- ◆ PECO ranks #1 among its peers in total and inline leased occupancy as of Q2 2026⁽⁵⁾
- ◆ PECO is among the lowest levered shopping center REITs
- ◆ PECO is Kroger's #1 landlord, Publix's #2, and #1 combined by count as of Q2 2026⁽⁶⁾
- ◆ PECO ranks #2 among its peers in percent of ABR from necessity-based Neighbors as of Q2 2026⁽⁷⁾

Company data as of September 21, 2026

- Sold subsequent to quarter end
- One land parcel was sold subsequent to quarter end

Driving Innovation with Artificial Intelligence: PECO's Leadership in Technology

PECO's award-winning AI strategy is driving innovation

How AI Is Enhancing PECO's Operating Platform

- ◆ PECO is investing in AI to support better decision-making, operating efficiency and long-term growth
- ◆ More than 20 AI initiatives are actively in development or production across the organization
- ◆ PECO has maintained an in-house data science capability for over 10 years, providing a strong foundation for AI
- ◆ Proprietary data is a key differentiator and enables faster insights and scalable execution
- ◆ AI is already driving cost savings, speed and improved visibility across the portfolio
- ◆ AskLeases™, a PECO-developed AI tool, reduces manual lease review, surfaces key data faster and identifies revenue opportunities
- ◆ Longer term, AI is expected to support portfolio growth

PECO's Tech Awards

ICSC Tech Innovator Award (2026)

- ◆ AI and technology driving operational efficiency
- ◆ Enhances Neighbor and customer experience
- ◆ Reinforces innovation leadership

Digie Award (2025 & 2024)

Best Use of AI

- ◆ Innovative AI across operations
- ◆ Drives efficiency and insights
- ◆ Supports tech-forward platform

Corporate Responsibility and Sustainability

PECO is driving responsible growth through corporate responsibility and sustainability

People & Culture

Long-Term Growth

- ◆ PECO Cultural Advantage (PECO XP)

Centers & Economic Impact

Asset Resilience

- ◆ Improving Communities, One Shopping Center at a Time

Environmental Management

Operational Expense Management

- ◆ Maximizing Resource Efficiencies and Mitigating Impact of Risks

Oversight & Ethics

Risk Management

- ◆ Strong Corporate Governance

Board of Directors

- ◆ Highly-qualified and majority independent Board committed to effective corporate governance
- ◆ Broad range of experience, professions, geographic representation and backgrounds
- ◆ Varied expertise across business strategy, finance, real estate, technology and human capital
- ◆ Regular meetings and three standing committees: Audit, Compensation and Nominating & Governance

Governance Framework

- ◆ Lead Independent Director and annual election of all Directors
- ◆ Independent Audit, Compensation and Nominating & Governance Committees
- ◆ Compliance with Nasdaq requirements and Maryland business statutes
- ◆ Clawback policies adopted; prohibition on hedging and pledging stock
- ◆ Stockholder rights protected: majority vote for amendments; no rights plan

Glossary of Terms

Anchor space: A space greater than or equal to 10,000 square feet of gross leasable area (GLA).

Annualized base rent (ABR): Refers to the monthly contractual base rent as of the end of the applicable reporting period multiplied by twelve months.

ABR per square foot (PSF): ABR divided by leased GLA. Increases in ABR PSF can be an indication of our ability to create rental rate growth in our centers, as well as an indication of demand for our spaces, which generally provides us with greater leverage during lease negotiations.

Cap rate: Estimated in-place NOI for the property divided by the property's contractual purchase or sale price.

Comparable lease: Refers to a lease with consistent terms that is executed for substantially the same space that has been vacant less than twelve months.

Comparable rent spread: Calculated as the percentage increase or decrease in first-year ABR (excluding any free rent or escalations) on new, renewal and option leases where the lease was considered a comparable lease. This metric provides an indication of our ability to generate revenue growth through leasing activity.

EBITDAre, and Adjusted EBITDAre (collectively, "EBITDAre metrics")⁽¹⁾: Nareit defines EBITDAre as net income (loss) computed in accordance with GAAP before: (i) interest expense; (ii) income tax expense; (iii) depreciation and amortization; (iv) gains or losses from disposition of depreciable property; and (v) impairment write-downs of depreciable property. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect EBITDAre on the same basis. To arrive at Adjusted EBITDAre, we exclude certain recurring and non-recurring items from EBITDAre, including, but not limited to: (i) changes in the fair value of the earn-out liability; (ii) other impairment charges; (iii) adjustments related to our investments in unconsolidated joint ventures; (iv) transaction and acquisition expenses; and (v) realized performance income. We use EBITDAre and Adjusted EBITDAre as additional measures of operating performance which allow us to compare earnings independent of capital structure and evaluate debt leverage and fixed cost coverage.

Equity market capitalization⁽¹⁾: The total dollar value of all outstanding shares and OP units using the closing price for the applicable date.

Grocer health ratio: Amount of annual rent and expense recoveries paid by the Neighbor as a percentage of gross sales. Low grocer health ratios provide us with the knowledge to manage our rents effectively while seeking to ensure the financial stability of our grocery anchors.

Gross leasable area (GLA): The total occupied and unoccupied square footage of a building that is available for Neighbors or other retailers to lease.

Inline space: A space containing less than 10,000 square feet of GLA.

Internal Rate of Return (IRR): The annualized rate of return that makes the net present value (NPV) of all cash flows from an investment equal to zero. It measures the expected profitability of an investment.

Leased occupancy: Calculated as the percentage of total GLA for which a lease has been signed regardless of whether the lease has commenced or the Neighbor has taken possession. High occupancy is an indicator of demand for our spaces, which generally provides us with greater leverage during lease negotiations.

Nareit Funds from Operations Attributable to Stockholders and OP Unit Holders (Nareit FFO) and Core FFO Attributable to Stockholders and OP Unit Holders (Core FFO)⁽¹⁾: Nareit defines Funds from Operations ("FFO") as net income (loss) computed in accordance with GAAP, excluding: (i) gains (or losses) from sales of property and gains (or losses) from change in control; (ii) depreciation and amortization related to real estate; (iii) impairment losses on real estate and impairments of in-substance real estate investments in investees that are driven by measurable decreases in the fair value of the depreciable real estate held by the unconsolidated partnerships and joint ventures; and (iv) adjustments for unconsolidated partnerships and joint ventures, calculated to reflect FFO on the same basis. We believe FFO provides insight into our operating performance as it excludes certain items that are not indicative of such performance. Core FFO is calculated as Nareit FFO adjusted to exclude certain recurring and non-recurring items including, but not limited to: (i) depreciation and amortization of corporate assets; (ii) changes in the fair value of the earn-out liability; (iii) adjustments related to our investments in unconsolidated joint ventures; (iv) gains or losses on the extinguishment or modification of debt and other; (v) other impairment charges; (vi) transaction and acquisition expenses; and (vii) realized performance income. Core FFO provides further insight into the sustainability of our operating performance and provides an additional measure to compare our performance across reporting periods on a consistent basis by excluding items that may cause short-term fluctuations in net income (loss).

Neighbor: In reference to one of our tenants.

Net debt⁽¹⁾: Total debt, excluding discounts, market adjustments and deferred financing expenses, less cash and cash equivalents.

Net-debt to Adjusted EBITDAre⁽¹⁾: Calculated by dividing net debt by Adjusted EBITDAre (included on an annualized basis within the calculation). It provides insight into our leverage rate based on earnings and is not impacted by fluctuations in our equity price.

Net debt to total enterprise value⁽¹⁾: Ratio is calculated by dividing net debt by total enterprise value. It provides insight into our capital structure and usage of debt.

Net Operating Income (NOI)⁽¹⁾: Calculated as total operating revenues, adjusted to exclude non-cash revenue items and lease buyout income, less property operating expenses and real estate taxes. NOI provides insight about our financial and operating performance because it provides a performance measure of the revenues and expenses directly involved in owning and operating real estate assets and provides a perspective not immediately apparent from net income (loss).

Portfolio retention rate: Calculated by dividing (i) the total square feet of retained Neighbors with current period lease expirations by (ii) the total square feet of leases expiring during the period. The portfolio retention rate provides insight into our ability to retain Neighbors at our shopping centers as their leases approach expiration. Generally, the costs to retain an existing Neighbor are lower than costs to replace with a new Neighbor.

(Re)development: Larger scale projects that typically involve substantial demolition of a portion of the shopping center to accommodate new retailers. These projects typically are accompanied with new construction and site infrastructure costs.

Same-Center⁽¹⁾: Refers to a property, or portfolio of properties, owned for the entirety of both calendar year periods being compared.

Sun Belt states: Consists of 15 states: Alabama, Arizona, Arkansas, California, Florida, Georgia, Louisiana, Mississippi, Nevada, New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee and Texas.

Total enterprise value⁽¹⁾: Net debt plus equity market capitalization on a fully diluted basis.

Note:

1. Non-GAAP performance measures. See the "Safe Harbor and Non-GAAP Disclosures" section on page 12 for more information on the limitations of non-GAAP performance measures.

Non-GAAP Measures

The following table provides a reconciliation of the range of the Company's 2026 estimated net income to estimated Nareit FFO and Core FFO:

Full Year 2026 Guidance		
<i>(Unaudited)</i>	Low End	High End
Net income per share attributable to stockholders - diluted	\$0.95	\$0.97
Depreciation and amortization of real estate assets	\$1.87	\$1.89
Gain on disposal of property, net	(\$0.19)	(\$0.19)
Adjustments related to unconsolidated joint ventures	\$0.04	\$0.05
Nareit FFO attributable to stockholders and OP unit holders per share - diluted	\$2.67	\$2.72
Depreciation and amortization of corporate assets	\$0.01	\$0.01
Loss on extinguishment or modification of debt and other, net	\$0.01	\$0.01
Transaction costs and other	\$0.04	\$0.05
Core FFO attributable to stockholders and OP unit holders per share - diluted	\$2.73	\$2.79

Note:
As of July 23, 2026.
