Chesapeake Financial Shares, Inc. (CPKF-OTCQX)

CPKF: CPKF Posts Solid First Quarter Results

We have chosen \$21.00 as our new valuation, based upon CPKF's 2024 P/E of \$20.00 and forward Price/Tangible Book Value of \$22.00.

Current Price (04/23/24) **\$16.55**
Valuation **\$21.00**

OUTLOOK

CPKF's first quarter net earnings rebounded sharply from the fourth quarter (up more than 200%), but fell \$0.9 million, or 26%, year over year to \$2.8 million, while 2024's first quarter diluted EPS dropped by \$0.20, or 25%, to \$0.58 from \$0.78 posted a year ago. This was better than our estimate, which had called for a \$1.1 million decrease in net earnings to \$2.6 million (off by \$0.2 million) and a \$0.23 decline in diluted EPS to \$0.55 (off by \$0.03). The primary reasons for the difference between reported results and our estimate were that net revenues were \$0.4 million less than the \$16.3 million we had anticipated, consisting of noninterest income that was \$0.8 million lower than our projection, partly offset by net interest income of \$10.6 million that was \$0.4 million higher. In addition, total noninterest expense of \$12.3 million was \$0.6 million less than the \$12.9 million we had projected, reflecting lower compensation expense. The major reasons for the first quarter's \$0.9 million decrease in net earnings versus the prior-year quarter were a \$1.3 million, or 12%, rise in total noninterest expense, mostly from greater compensation costs, partly offset a \$0.2 million, or 1%, gain in net revenues and a \$0.2 million reduction in income taxes due to lower pretax earnings. We are currently reviewing our estimates. CPKF just raised the quarterly dividend by 3% to \$0.155 per share from \$0.15 per share and has raised its annual dividend payment every year for the past thirty-one years since 1991. In 2023 for the sixteenth consecutive year, CPKF was included in the American Banker magazine list of the "Top 200 Community Banks".

FIRST QUARTER

CPKF's first quarter net earnings rebounded sharply from the fourth quarter (up more than 200%), but fell \$0.9 million year over year, or 26%, to \$2.8 million, while 2024's first quarter diluted EPS dropped by \$0.20, or 25%, to \$0.58 from \$0.78 posted a year ago.

This was better than our estimate, which had called for a \$1.1 million decrease in net earnings to \$2.6 million (off by \$0.2 million) and a \$0.23 decline in diluted EPS to \$0.55 (off by \$0.03).

The primary reasons for the difference between reported results and our estimate were that net revenues were \$0.4 million less than the \$16.3 million we had anticipated, consisting of noninterest income that was \$0.8 million lower than our projection, primarily the result of a \$0.3 million shortfall in merchant services income (\$1.2 million versus our \$1.5 million estimate) and a \$0.6 million gap in other miscellaneous income (\$0.9 million compared to our \$1.5 million estimate), partly offset by net interest income of \$10.6 million that was \$0.4 million higher than our \$10.2 million estimate.

In addition, total noninterest expense of \$12.3 million was \$0.6 million less than the \$12.9 million we had projected, reflecting compensation expense that was \$0.6 million lower than anticipated. Noncompensation costs of \$5.1 million came in on target. We note that in the first quarter CPKF improved disclosure for noninterest expense by separately reporting FDIC insurance, technology expense, and professional fees, all of which had previously been lumped together in other expenses. This change had no impact on the bottom line.

The major reasons for the first quarter's \$0.9 million decrease in net earnings versus the prior-year quarter were a \$1.3 million, or 12%, rise in total noninterest expense, mostly from greater compensation costs (up \$1.1 million), partly offset a \$0.2 million, or 1%, gain in net revenues (split equally between net interest income and noninterest income) and a \$0.2 million reduction in income taxes due to lower pretax earnings.

Net interest income rose \$0.1 million, or 1%, year over year in the first quarter to \$10.6 million (\$0.4 million above our \$10.2 million estimate), as an estimated 7% increase in average interest-earning assets was offset by a net interest margin of 3.38% that was 20 basis points lower than the 3.58% earned in the year-ago quarter.

Noninterest income increased \$0.1 million, or 2%, year over year to \$5.1 million, as most business lines showed improvement, except mortgage banking and merchant services, both off slightly from revenues in the prior year. Notably, cash management fee income jumped \$0.5 million, or 50%, year over year on the back of last year's acquisition, while miscellaneous other income declined by \$0.7 million, or 43%.

Noninterest expense advanced \$1.3 million, or 12%, to \$12.3 million (\$0.6 million less than the \$12.9 million we had projected) from the prior-year quarter, reflecting greater compensation costs (up \$1.1 million) and other miscellaneous noninterest expense (up \$0.2 million).

The loan loss provision was flat at \$175,000 compared to the year-ago quarter and was \$25,000 below our \$200,000 estimate. Loan loss reserves rose \$0.2 million to \$8.0 million (0.93% of loans) compared with the fourth quarter (0.95% of loans) and were \$0.5 million above the \$7.5 million (0.99% of loans) in the year-ago quarter.

As to other asset quality measures, CPKF recorded net charge-offs of \$41,000 in the first quarter. This compares to net charge-offs of \$38,000 in the year-ago quarter and net charge-offs of \$233,000 for the full year in 2023.

CEO Jeffrey M. Szyperksi noted that CPKF's total nonperforming assets to total assets fell 7 basis points to 0.19% at March 31, 2024 from 0.26% at December 31, 2023.

Gross loans increased \$100 million, or 13%, year over year, and about \$31 million, or 4%, sequentially to \$860 million.

CPKF posted a 10.9% ROE and 0.74% ROA for the first quarter of 2024, compared to 17.6% and 1.11%, respectively, in the prior-year quarter.

During 2023's second quarter, CPKF opened another branch, this time in a retirement community in Richmond, Virginia. It is CPKF's sixth branch in a retirement community, which is attractive due to its low cost of entry, as well as being a feeder for the Company's investment management and deposit-gathering activities. In addition, in August CPKF opened a loan production office in Newport News, Virginia.

At the October 27, 2023 Chesapeake Financial Shares Board of Directors meeting, the Board raised the quarterly dividend to \$0.155 per share from \$0.15 per share (a 3% increase), paid on December 15, 2023. Notably, CPKF has increased the annual dividend payment every year for the past thirty-one years since 1991.

In 2023 for the sixteenth consecutive year, Chesapeake Financial Shares, Inc. has been included in the American Banker magazine listing of the "Top 200 Community Banks" in the United States. The bank ranked at #58 in the nation out of approximately 6,000 community banks in the study, up from #130 last year and #148 when CPKF first broke into the rankings in 2008. The ranking is based on a three-year average of return on average equity (ROAE), which for CPKF was 14.34%.

We are currently reviewing our estimates and will issue a more comprehensive report when detailed financial information becomes available within the next few weeks.

OVERVIEW

Chesapeake Financial Shares, Inc. (CPKF or the Company) is a financial holding company headquartered in Kilmarnock, Virginia, with \$1,512 million in total assets at March 31, 2024. CPKF is predominantly a small business lender with 17 branch offices and one loan production office that serve customers in the eastern region of Virginia between the Potomac and James Rivers. CPKF, which began as Lancaster National Bank on April 13, 1900, has a long history and strong ties with the communities it serves.

Operations are carried on through Chesapeake Bank, a state-chartered bank as well as Federal Reserve and FDIC member bank, and Chesapeake Wealth Management, an independent wealth management firm with trust powers that manages about \$490 million in assets (at 2023 yearend) through its subsidiaries involved in asset management (Chesapeake Wealth Management is a registered investment adviser), brokerage, and trust services. Other activities of the Company include Chesapeake Payment Systems, cash management program (now branded as Flexent) and its secondary market mortgage banking operation.

Chesapeake Payment Systems offers merchant processing services such as credit card and debit card processing, electronic benefits transfers, and loyalty and gift card processing to companies involved in travel, entertainment, restaurant, hospitality, retail, mail order, and e-commerce. At yearend 2023, Chesapeake Payment Systems had 1,230 direct merchants in its system and processed over \$522

million in merchant card transactions. In addition, Chesapeake Payment Systems has also partnered with eight independent sales organizations (ISOs) to expand its processing footprint.

The Flexent program, which provides an attractive financing option to growing businesses, involves the purchase of the client company's accounts receivables. The Cash management program is currently offered in the Eastern half of the United States and had 52 customers at the end of 2023.

Through Chesapeake's secondary market mortgage banking operation, the Company services a \$287 million loan portfolio (as of December 31, 2023) of residential mortgage loans for Federal Home Loan Mortgage Corporation (FHLMC or Freddie Mac), for which it earns a 25 basis-point fee (approximately \$717,000 annually) on the outstanding loan portfolio balance. Additionally, CPKF earns a pare-off fee for residential mortgage loans that are originated and closed with FHLMC, which added \$129,000 to revenues in 2023 (both types of fees are included in other noninterest income in the Company's financial statements).

The lending portfolio is dominated by real estate loans, as shown in the chart at right. At December 31, 2023, the lending book consisted of commercial real estate (accounting for 39% of total gross outstandings), 1-4 family (25%), commercial and industrial (17%), construction and land development (9%), consumer and other (6%), and cash management (4%). A majority of loans are secured, usually by real estate, inventory, accounts receivable, equipment, machinery, or corporate assets.

Source: Zacks Analyst

At December 31, 2023, the liquidity portfolio, which consists of cash, short-term investments, federal funds sold, and US agency mortgage obligations, represented about 6% of total assets and 12% of the securities portfolio. In addition, the available-for-sale portfolio includes municipal at 37% of the total, private label mortgage securities at 30%, and asset-backed and other securities at 21%. Core deposits represented 98% of total deposits at December 31, 2023, with certificates of deposit larger than \$250,000 at 4% and brokered deposits at 6%.

Source: Zacks Analyst

In 2023, net interest income contributed 65% of net revenue, with a significant 35% coming from noninterest income sources. Major contributors to noninterest income include merchant services income, net (8% of net revenue), cash management fee income (8%), trust and wealth management income (6%), mortgage banking income (2%), and service charges (2%).

VALUATION

CPKF stock is down 9.6% year to date, better than the 15.0% median price decline for our small-cap bank universe, but worse than the 6.3% price increase for the S&P 500, as shown in the following table.

At its current price, CPKF is trading at a 17% discount to the industry median P/E, based upon our current CPKF EPS estimate for 2024. Assuming a median small-cap bank universe valuation of 9.0X, CPKF's target price based upon our 2024 EPS estimate is about \$20.00.

Turning to Price/Tangible Book Value, CPKF is currently valued at 0.8X. Assuming a 1.0X multiple based upon our estimated tangible book value twelve months out, our target price is about \$22.00, which compares to CPKF's current tangible book value per share of \$19.76.

We have chosen \$21.00 as our new valuation, based upon CPKF's 2024 P/E of \$20.00 and forward Price/Tangible Book Value of \$22.00.

DISCLOSURES

The following disclosures relate to relationships between Zacks Small-Cap Research ("Zacks SCR"), a division of Zacks Investment Research ("ZIR"), and the issuers covered by the Zacks SCR Analysts in the Small-Cap Universe.

ANALYST DISCLOSURES

I, Ann H. Heffron, CFA, CPA, hereby certify that the view expressed in this research report accurately reflect my personal views about the subject securities and issuers. I also certify that no part of my compensation was, is, or will be, directly or indirectly, related to the recommendations or views expressed in this research report. I believe the information used for the creation of this report has been obtained from sources I considered to be reliable, but I can neither guarantee nor represent the completeness or accuracy of the information herewith. Such information and the opinions expressed are subject to change without notice.

INVESTMENT BANKING AND FEES FOR SERVICES

Zacks SCR does not provide investment banking services nor has it received compensation for investment banking services from the issuers of the securities covered in this report or article.

Zacks SCR has received compensation from the issuer directly, from an investment manager, or from an investor relations consulting firm engaged by the issuer for providing non-investment banking services to this issuer and expects to receive additional compensation for such non-investment banking services provided to this issuer. The non-investment banking services provided to the issuer includes the preparation of this report, investor relations services, investment software, financial database analysis, organization of non-deal road shows, and attendance fees for conferences sponsored or co-sponsored by Zacks SCR. The fees for these services vary on a per-client basis and are subject to the number and types of services contracted. Fees typically range between ten thousand and fifty thousand dollars per annum. Details of fees paid by this issuer are available upon request.

POLICY DISCLOSURES

This report provides an objective valuation of the issuer today and expected valuations of the issuer at various future dates based on applying standard investment valuation methodologies to the revenue and EPS forecasts made by the SCR Analyst of the issuer's business.

SCR Analysts are restricted from holding or trading securities in the issuers that they cover. ZIR and Zacks SCR do not make a market in any security followed by SCR nor do they act as dealers in these securities. Each Zacks SCR Analyst has full discretion over the valuation of the issuer included in this report based on his or her own due diligence. SCR Analysts are paid based on the number of companies they cover. SCR Analyst compensation is not, was not, nor will be, directly or indirectly, related to the specific valuations or views expressed in any report or article.

ADDITIONAL INFORMATION

Additional information is available upon request. Zacks SCR reports and articles are based on data obtained from sources that it believes to be reliable, but are not guaranteed to be accurate nor do they purport to be complete. Because of individual financial or investment objectives and/or financial circumstances, this report or article should not be construed as advice designed to meet the particular investment needs of any investor. Investing involves risk. Any opinions expressed by Zacks SCR Analysts are subject to change without notice. Reports or articles or tweets are not to be construed as an offer or solicitation of an offer to buy or sell the securities herein mentioned.

CANADIAN COVERAGE

This research report is a product of Zacks SCR and prepared by a research analyst who is employed by or is a consultant to Zacks SCR. The research analyst preparing the research report is resident outside of Canada, and is not an associated person of any Canadian registered adviser and/or dealer. Therefore, the analyst is not subject to supervision by a Canadian registered adviser and/or dealer, and is not required to satisfy the regulatory licensing requirements of any Canadian provincial securities regulators, the Investment Industry Regulatory Organization of Canada and is not required to otherwise comply with Canadian rules or regulations.
