Ecolab Ranks #33 on Corporate Knights' 2022 List of the World's Most Sustainable Corporations

2022-01-19

ST. PAUL, Minn.--(BUSINESS WIRE)-- Ecolab Inc., the global leader in water, hygiene and infection prevention solutions and services, has again been named to Corporate Knights' index of the 100 Most Sustainable Corporations in the World, ranking #33 on the 2022 list. This is the fourth time Ecolab has appeared on the Global 100 Index since 2015.

"We are honored to be included in this exclusive index of corporations that are leaders in delivering the right results, the right way," said Ecolab President and CEO Christophe Beck. "This recognition is a testament to our commitment to operating responsibly and with care for people health, planet health and business health."

To determine the 2022 Global 100 Index, Corporate Knights analyzed publicly available data for more than 6,900 companies with revenue of at least \$1 billion against global industry peers using 21 quantitative key performance indicators. Companies that made the Global 100 Index represent the top 1.4% globally for sustainability performance.

"Strong performance on these metrics is foundational to achieving a clean and carbon-neutral economy in the necessary time frame," says Corporate Knights CEO Toby Heaps, "and the sustained momentum is encouraging."

Operating sustainably is core to Ecolab's purpose to make the world cleaner, safer and healthier. The company is working to achieve aggressive impact goals by 2030 focused on its workforce, workplace, community, marketplace and the environment.
