

Kohl's Global Reporting Initiative (GRI) Disclosures

The Global Reporting Initiative (GRI) is an international independent organization that provides the world's most widely used standards for sustainability reporting. GRI Standards help organizations disclose their environmental, social, and governance (ESG) impacts in a consistent, transparent, and comparable way. Designed for broad stakeholder use, GRI focuses on material topics that reflect an organization's significant impacts on the economy, environment, and people. Kohl's has reported the information cited in this GRI content index for the period February 2, 2025 to January 31, 2026 with reference to the GRI Standards, specifically GRI 1: Foundation 2021.
