

Kohl's SASB Index 2022

The Sustainability Accounting Standards Board's (SASB) mission is to develop sustainability metrics for public corporations to disclose material, decision-useful information to investors. We have included metrics from SASB's Consumer Goods Sector – Multiline Retailer, Apparel Accessories and Footwear and E-Commerce industry standards that are relevant to our business. In certain instances, a specific SASB topic may be discussed generally in our public reporting but we do not report on the corresponding SASB metrics. In addition, our disclosures may not be fully aligned with SASB's definition, but represent the closest approximation possible. All data is for FY2022 ending January 28, 2023, unless otherwise noted.
