PetMeds Announces Strategic Partnership with Pet Supermarket to Expand Pharmacy Offering Across Retail and Digital Channels

2026-11-09

DELRAY BEACH, Fla., Nov. 09, 2026 (GLOBE NEWSWIRE) -- PetMed Express, Inc., dba PetMeds and parent company of PetCareRx (Nasdaq: PETS), today announced a new partnership with Pet Supermarket to offer pet prescription medications, preventatives and health products to pet parents across Pet Supermarket's retail stores and digital platforms.

PetMeds will leverage its pharmacy infrastructure, licensed pharmacists and e-commerce capabilities, including the ability to ship to all 50 states, to provide Pet Supermarket customers with convenient access to trusted medications and health solutions for their animals.

Pet Supermarket serves pet parents through approximately 200 retail stores across the Southeast and its e-commerce experience. This partnership adds a licensed pet pharmacy to a retailer where pet parents already shop for pet food, supplies and services, making it easier to manage their pets' health alongside everyday pet care.

"We are excited to partner with Pet Supermarket, a retailer that pet parents know and trust," said Jeff Willard, CEO and President of PetMeds. "As our second large-scale white-label pharmacy program, this partnership reflects steady progress on a key strategic initiative: extending the reach of our pharmacy platform to give more pet parents the value, convenience and access to high-quality care they deserve."

"Since 1973, Pet Supermarket has been built on a simple idea: pet parents should be able to find everything their pets need in one convenient destination," said Brendan Proctor, CEO of Pet Supermarket. "Pharmacy is a natural next step, and partnering with PetMeds brings pharmacy services into that one-stop experience, helping our

customers keep their pets happy and healthy."
