Notes to the Interim Condensed Consolidated Financial Statements

(Unaudited, in United States Dollars, except share amounts)

1. Nature of Operations

Planet 13 Holdings Inc. (“P13” or the “Company”) was incorporated under the Canada Business Corporations Act on April 26, 2002 and continued under the British Columbia Business Corporations Act on September 24, 2019, and on September 15, 2023 completed its domestication to Nevada.

The Company is a vertically integrated cultivator and provider of cannabis and cannabis-infused products that is licensed under the laws of the States of Nevada, California, Illinois and Florida. The Company is licensed in these jurisdictions as follows: six Nevada licenses for cultivation (three medical and three adult-use), six Nevada licenses for production (three medical and three adult-use), three Nevada dispensary licenses (one medical and two adult-use), two Nevada licenses for distribution (one active, one conditional), one medical and adult-use dispensary license in California, two distribution licenses in California, one event organizer license in California, one medium indoor cultivation license in California, one non-volatile manufacturing license in California, one Medical Marijuana Treatment Center license in Florida (unlimited medical dispensaries, cultivation and processing) and one adult-use dispensary license in Illinois.

P13 is a public company which is listed on the Canadian Securities Exchange (“CSE”) under the symbol PLTH and on the OTCQX exchange under the symbol “PLNH”.

The Company’s registered and head office address is 2548 W. Desert Inn Road, Suite 100, Las Vegas, NV 89109.

While cannabis and CBD-infused products are legal under the laws of several U.S. states (with varying restrictions applicable), the United States Federal Controlled Substances Act classifies all “marijuana” as a Schedule I drug, whether for medical or recreational use. Under U.S. federal law, a Schedule I drug or substance has a high potential for abuse, no accepted medical use in the United States, and a lack of safety for use under medical supervision.

The federal government currently is prohibited from prosecuting businesses that operate in compliance with applicable state and local medical cannabis laws and regulations; however, this does not protect adult use cannabis. If the federal government changes this position, it would be financially detrimental to the Company.

The purchase price allocations for the VidaCann transaction reflect various fair value estimates and analyses relating to the determination of fair value of certain tangible and intangible assets acquired and residual goodwill. The Company determined the estimated fair value of the acquired working capital, and identifiable intangible assets and goodwill after review and consideration of relevant information including market data and management's estimates. The estimated fair value of acquired working capital was determined to approximate carrying value.

The goodwill arising from the VidaCann transaction consists of expected synergies from combining operations of the Company and VidaCann, and intangible assets not qualifying for separate recognition such as formulations, proprietary technologies and acquired know-how. None of the goodwill is deductible for tax purposes. VidaCann's state cannabis license represented an identifiable intangible asset acquired in the amount of \$9,000,000. The VidaCann cannabis license acquired has an indefinite life and as such will not be subject to amortization.

In connection with the VidaCann transaction, the Company expensed \$0 of acquisition-related costs, which have been included in general and administrative expenses on the Company's consolidated statement of operations and comprehensive loss for the period ended March 31, 2025, and \$41,832 for the period ended March 31, 2024.

VidaCann contributed \$9,389,471 in Net Revenue, \$4,377,513 in Gross Profit, and a net loss of \$1,450,580 in Consolidated Comprehensive Net Loss in the three-month period ended March 31, 2025.

Florida License

On January 22, 2024, the Company entered into a definitive agreement to sell its Planet 13 Florida, Inc. entity for \$9,000,000 which, at the time of sale held no assets other than a Florida medical marijuana treatment center license (the “**MMTC license**”). 15. Related Party Transactions and Balances

(a) Building Lease

As part of the VidaCann acquisition on May 9, 2024, the Company entered into a long-term lease agreement with Loop's Nursery for a property in St John's Florida that is used as the Company's primary cultivation facility in Florida. Loop's Nursery is primarily owned by David Loop, one of the Company's board members. Payments for rent and associated costs related to the use of this property for the three months ended March 31, 2025 equaled \$922,111 (three months ended March 31, 2024 - \$nil).

(b) Other

As part of the VidaCann acquisition on May 9, 2024, the Company acquired related party notes payable to David Loop, one of the Company's board members and Mark Ascik, in the amounts of \$750,000 each (see Note 8). Payments for interest on the related party notes for the three months ended March 31, 2025 totaled \$27,740 combined (three months ended March 31, 2024 - \$nil).

Effective March 1, 2025, the Company entered into a 30 month lease agreement with PRMN Investments Ltd for a Florida apartment unit used primarily for executive travel in Florida for oversight of Florida operations. PRMN Investments Ltd is primarily owned by Robert Groesbeck, the Company's Co-CEO. Payments for rent and associated costs related to the use of this property for the three months ended March 31, 2025 equaled \$5,099 (three months ended March 31, 2024 - \$nil).

For the three-month period ended March 31, 2025, no amounts were due to related parties (December 31, 2024 - \$nil).

16. Commitments and Contingencies

(a) Construction Commitments

The Company had \$312,770 of outstanding construction commitments as of March 31, 2025 (December 31, 2024 - \$786,490).

PLANET 13 HOLDINGS INC.

Notes to the Interim Condensed Consolidated Financial Statements

(Unaudited, in United States Dollars, except share amounts)

(b) Contingencies

The Company's operations are subject to a variety of local and state regulations. Failure to comply with one or more of those regulations could result in fines, restrictions on its operations, or losses of permits that could result in the Company ceasing operations. While management of the Company believes that the Company is in compliance with applicable local and state regulations at March 31, 2025, medical and adult use cannabis regulations continue to evolve and are subject to differing interpretations. As a result, the Company may be subject to regulatory fines, penalties, or restrictions in the future.

(c) Claims and Litigation

From time to time, we may become involved in legal or regulatory proceedings, lawsuits and other claims arising in the ordinary course of our business. In view of the inherent difficulty of predicting the outcome of such matters, we cannot state what the eventual outcome of such matters will be. However, based on our knowledge, as of March 31, 2025, we are not presently a party to any legal proceedings that, in the opinion of our management, would individually or taken together have a material adverse effect on our business, operating results, financial condition, or cash flows. Regardless of outcome, litigation can have an adverse impact on us due to defense and settlement costs, diversion of management resources, negative publicity and reputational harm, and other factors.

(d) Operating Licenses

Although the possession, cultivation, and distribution of marijuana for medical and adult use is permitted in Nevada and California, and for medical use these activities are permitted in Florida, marijuana is a Schedule I controlled substance, and its use remains a violation of federal law. Since federal law criminalizing the use of marijuana pre-empts state laws that legalize its use, strict enforcement of federal law regarding marijuana would likely result in the Company's inability to proceed with our business plans. In addition, the Company's assets, including real property, cash, equipment, and other goods, could be subject to asset forfeiture because marijuana is still federally illegal.

17. Risks

Credit risk

Credit risk is the risk that a third party might fail to discharge its obligations under the terms of a financial instrument. Credit risk arises from cash with banks and financial institutions. It is management's opinion that the Company is not exposed to significant credit risk arising from these financial instruments. The Company limits credit risk by entering into business arrangements with high credit-quality counterparties. The Company further limits credit risk to a maximum of \$500,000 to any individual counterparty at a given time. Total maximum credit risk for all counterparties combined is estimated at \$1,500,000.

The Company evaluates the collectability of its accounts receivable and maintains an allowance for credit losses at an amount sufficient to absorb losses inherent in the existing accounts receivable portfolio as of the reporting dates based on the estimate of expected net credit losses.

Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company currently has some notes payable that are interest bearing, as well as funds held in an interest-bearing money market account. Based on the balances involved, it is management's opinion that the Company is not exposed to significant interest rate risk.

Price risk

Price risk is the risk that the trading price of the Company's shares will fluctuate and adversely impact the Company, primarily due to the inability to raise additional funds through future stock offerings. The Company is not exposed to significant price risk.

PLANET 13 HOLDINGS INC.**Notes to the Interim Condensed Consolidated Financial Statements****(Unaudited, in United States Dollars, except share amounts)***Liquidity risk*

The Company's approach to managing risk is to ensure that it will have sufficient liquidity to meet liabilities when due. As of March 31, 2025, the Company's financial liabilities consist of accounts payable, accrued liabilities, obligations under operating leases, notes payable and taxes. The Company manages liquidity risk by reviewing its capital requirements on an ongoing basis. Historically, the Company's main source of funding has been the public issuance of common equity. The Company's access to financing is always uncertain. There can be no assurance of continued access to significant equity financing.

Concentration risk

The Company operates exclusively in Southern Nevada, Florida, and California and has a small presence in Illinois. Should economic conditions deteriorate within any of these regions, its results of operations and financial position would be negatively impacted.

Banking risk

Notwithstanding that a majority of states have legalized medical marijuana, there has been no change in US federal banking laws related to the deposit and holding of funds derived from activities related to the cannabis industry. Given that US federal law provides that the production and possession of cannabis is illegal, there is a strong argument that banks cannot accept or deposit funds from businesses involved with the marijuana industry. Consequently, businesses involved in the cannabis industry often have difficulty accessing the US banking system and traditional financing sources. The inability to open bank accounts with certain institutions may make it difficult to operate the business of the Company and leave the Company's cash holdings vulnerable.

Asset forfeiture risk

Because the cannabis industry remains illegal under US federal law, any property owned by participants in the cannabis industry which are either used in the course of conducting such business, or are the proceeds of such business, could be subject to seizure by law enforcement and subsequent civil asset forfeiture. Even if the owner of the property was never charged with a crime, the property in question could still be seized and subject to an administrative proceeding by which with minimal due process, it could be subject to forfeiture.

Currency rate risk

As at March 31, 2025, none of the Company's financial assets and liabilities were held in Canadian dollars (2024 - \$0). The Company's objective in managing its foreign currency risk is to minimize its net exposure to foreign currency cash flows by transacting, to the greatest extent possible, with third parties in the functional currency. The Company does not currently use foreign exchange contracts to hedge its exposure of its foreign currency cash flows as management has determined that this risk is not significant at this point in time. The Company's exposure to a 10% change in the foreign exchange conversion rate at March 31, 2025 equals \$nil.
