LEGAL INFORMATION AND DISCLAIMER

This presentation and oral statements made regarding the subject of this presentation contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect Coastal Financial Corporation ("Coastal" or "CFC")'s current views with respect to, among other things, future events and Coastal's financial performance. Any statements about Coastal's expectations, beliefs, plans, predictions, forecasts, objectives, assumptions or future events or performance are not historical facts and may be forward-looking. These statements are often, but not always, made through the use of words or phrases such as "anticipate," "believes," "can," "could," "may," "predicts," "potential," "should," "will," "estimate," "plans," "projects," "continuing," "ongoing," "expects," "intends" and similar words or phrases. Any or all of the forward-looking statements in (or conveyed orally regarding) this presentation may turn out to be inaccurate. The inclusion of or reference to forward-looking information in this presentation should not be regarded as a representation by Coastal or any other person that the future plans, estimates or expectations contemplated by Coastal will be achieved. Coastal has based these forward-looking statements largely on its current expectations and projections about future events and financial trends that Coastal believes may affect its financial condition, results of operations, business strategy and financial needs. Coastal's actual results could differ materially from those anticipated in such forward-looking statements as a result of risks, uncertainties and assumptions that are difficult to predict. Factors that could cause actual results to differ materially from those in the forward-looking statements include, without limitation, the risks and uncertainties discussed under "Risk Factors" in Form 10-K for the year ended December 31, 2022, Coastal's Quarterly Report on Form 10-Q for the most recent quarter, and in any of Coastal's subsequent filings with the Securities and Exchange Commission.

If one or more events related to these or other risks or uncertainties materialize, or if Coastal's underlying assumptions prove to be incorrect, actual results may differ materially from what Coastal anticipates. You are cautioned not to place undue reliance on forward-looking statements. Further, any forward-looking statement speaks only as of the date on which it is made and Coastal undertakes no obligation to update or revise any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events.

This presentation includes industry and trade association data, forecasts and information that Coastal has prepared based, in part, upon data, forecasts and information obtained from independent trade associations, industry publications and surveys, government agencies and other information publicly available to Coastal, which information may be specific to particular markets or geographic locations. Some data is also based on Coastal's good faith estimates, which are derived from management's knowledge of the industry and independent sources. Industry publications, surveys and forecasts generally state that the information contained therein has been obtained from sources believed to be reliable. Statements as to Coastal's market position are based on market data currently available to Coastal. Although Coastal believes these sources are reliable, Coastal has not independently verified the information contained therein. While Coastal is not aware of any misstatements regarding the industry data presented in this presentation, Coastal's estimates involve risks and uncertainties and are subject to change based on various factors. Similarly, Coastal believes that its internal research is reliable, even though such research has not been verified by independent sources.

Non-GAAP Financial Measures

This presentation includes non-GAAP financial measures for 2017 to exclude the impact of a deferred tax asset revaluation due to the enactment of the Tax Cuts and Jobs Act of 2017 (the "Tax Cuts and Jobs Act") on net income. This non-GAAP financial measure and any other non-GAAP financial measures that we discuss in this presentation should not be considered in isolation, and should be considered as additions to, and not substitutes for or superior to, measures of financial performance prepared in accordance with GAAP. There are a number of limitations related to the use of these non-GAAP financial measures versus their most directly comparable GAAP equivalents. For example, other companies may calculate non-GAAP financial measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of Coastal's non-GAAP financial measures as tools for comparison. See the Appendix to this presentation for a reconciliation of the non-GAAP financial measures used in (or conveyed orally during) this presentation to their most directly comparable GAAP financial measures.

This presentation includes non-GAAP financial measures to illustrate the impact of BaaS loan expense on net loan income and yield on CCBX loans, and net interest margin. Net BaaS loan income divided by average CCBX loans is a non-GAAP measure that includes the impact BaaS loan expense on net BaaS loan income and the yield on CCBX loans. The most directly comparable GAAP measure is yield on CCBX loans. Net interest income net of BaaS loan expense is a non-GAAP measure that includes the impact BaaS loan expense on net interest income. The most directly comparable GAAP measure is net interest income. Net interest margin, net of BaaS loan expense is a non-GAAP measure that includes the impact of BaaS loan expense on net interest margin. The most directly comparable GAAP measure is net interest margin.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE ("ESG") INITIATIVES

ESG

For Coastal, ESG is a complex initiative across the whole organization. Addressing the issue of the 5.9 million unbanked households[(1)] in the United States cannot be tackled with merely adding products or providing diversity, equity and inclusion training. Nor can real environmental impact happen through mere board level policies and simply changing our investment portfolio. We are choosing to tackle our ESG initiatives throughout our company with meaningful actions and collaboration.

CCBX – Working with our CCBX partners allows us to provide a broader range of services to different demographics through their offerings. Developing the kind of unique offerings to specific under-served or under-banked populations would be difficult for a bank our size, but by partnering with third-party fintech partners like Brigit, Greenwood and One we are able to use our banking charter to support this effort in a much broader scope.

Coastal Community Bank – Our community bank has always had close ties to the communities we serve with our employees actively volunteering in those communities, and we have been recognized as a corporate philanthropist by the Puget Sound Business Journal. We are now evolving to offer affiliated products through our third-party fintech partners that are more inclusive and meet their needs of a broader range of consumers. Once again, our scope and reach is multiplied by collaborating with our third-party fintech partners to offer inclusive products.

Social Responsibility

Financial Inclusion

We see financial inclusion as **providing access to useful and affordable financial products and services to meet the needs of the under-served**. However, overcoming a widespread distrust of banks, lack of financial education, and barriers to entry are all part of the process to bring the underserved in our communities the financial products and services they need to thrive.

We are actively working to address:

- **Accessibility to services**
- **Needs-based solutions**
- **Education**

In collaboration with the **Cities for Financial Empowerment** and the **Bank On** national platform, this past year, a Coastal team worked to develop the **Access checking product** to support the financial stability of **unbanked and underbanked** residents in our communities by providing a safe, affordable and functional product. In January 2023, our Access checking product passed product certification and met the National Account Standards and was launched with the official **Bank On certification**.

Environmental Responsibility

Climate Change

Coastal is approaching our responsibility in many ways from **understanding our carbon footprint and identifying potential offsets, reductions and to developing strong partnerships with ESG focused fintechs.**

In January 2023 we **completed our Sustainable Impact Survey with Aspiration** to understand our GHG impact and ways we can offset it. Working with Aspiration, we are exploring ways to develop customer facing-solutions that enable climate action. By working with partners like Aspiration, we are able to participate in developing and implementing meaningful changes to help turn the tide on climate change, doing our part to help transition to a net-zero economy.

Additionally, we have and will continue to consider climate change and **its impact on our loan portfolio and customers.**

- Explore the viability of tools such as AI, the Coastal Data Lake, Chat GPT, and third-party APIs
- Collaborate with our Fintech partners on enhancements, new content, and custom campaigns

Banking as a Service – "BaaS" Partners

CCBX PARTNER ACTIVITY

Business Overview

CCBX provides banking as a service (BaaS) that enables broker dealers and digital financial services partners to offer their customers banking services

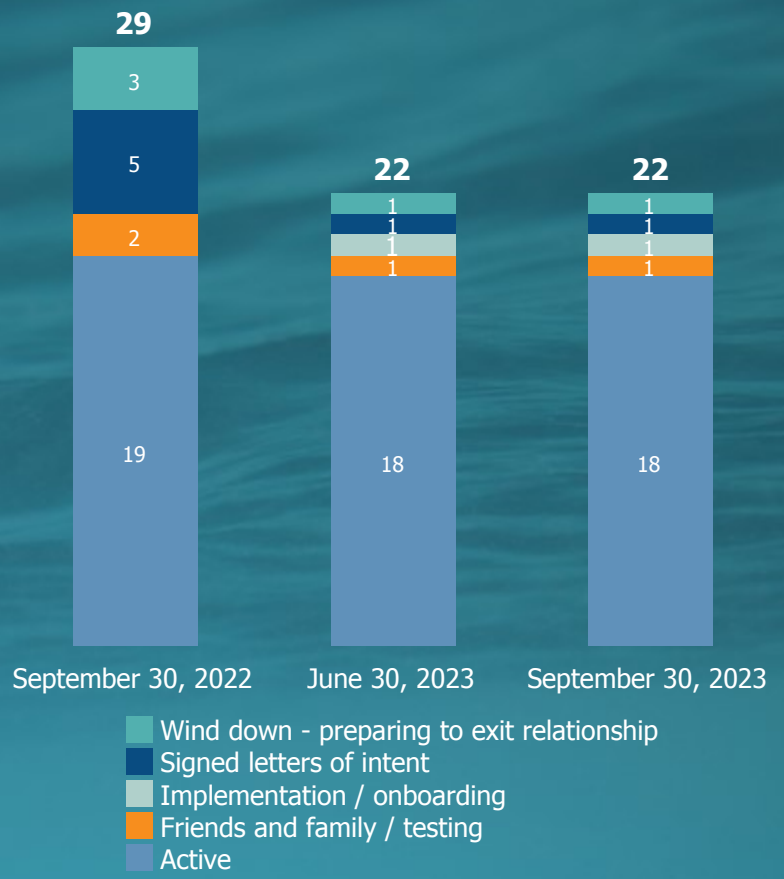

18 active partners with 3 more currently in the testing or signed LOI stage as of September 30, 2023:

- Robust sourcing capabilities and intensive due diligence process
- Our strategy for new CCBX partnerships is to focus on larger, more established partners, with experienced management teams, existing customer bases and strong financial positions. This strategy will likely yield fewer, but larger, CCBX partnerships moving forward.
- The sale of $320.9 million in CCBX loans during the quarter ended September 30, 2023 is part of our strategy to strengthen the balance sheet and manage overall credit risk by selling higher risk and higher yielding loans when portfolio limits are reached and to reduce credit risk in specific portfolios. We continue to work to optimize our loan portfolio and onboard new partners with enhanced credit standards and lower potential for future credit deterioration.
- We expect the size of our CCBX loan portfolio will be smaller over the next few quarters while we continue to refine our portfolio composition by reducing some portfolio categories and while increasing others as we build on our existing and new relationships or add new products. We expect this process to take several quarters.

Fee-based business model primarily driven by:

- Servicing, expense recovery and other BaaS fees
- Interchange and transaction fees
- Credit and fraud enhancements
- Interest income

CCBX Partner Activity

CCBX REVENUE GROWTH

Revenue Growth

- **BaaS Fees includes $28.8 million in credit enhancements and fraud enhancements** for the three months ended September 30, 2023, compared to $52.6 million for the three months ended June 30, 2023 and $29.6 million for the three months ended September 30, 2022.
- **Reimbursement for any partner credit enhancement and fraud loss** provided by the partner is included in noninterest income. Partner fraud loss represents non-credit fraud losses on partner's customer loan and deposit accounts and is recognized in noninterest expense. BaaS fraud loss expense decreased $1.3 million for the three months ended September 30, 2023 compared to the three months ended June 30, 2023 and decreased $8.9 million compared to the three months ended September 30, 2022.
- **BaaS Program Fee Income** includes servicing and other BaaS fees, transaction fees, interchange and reimbursement of expenses and excludes BaaS credit enhancements and BaaS fraud enhancements. BaaS Program Fee Income for the three months ended September 30, 2023 grew 20.8% compared to the three months ended September 30, 2022.

Note: Data as of and for the quarter ended September 30, 2023, unless otherwise indicated.

DEPOSIT COMPOSITION

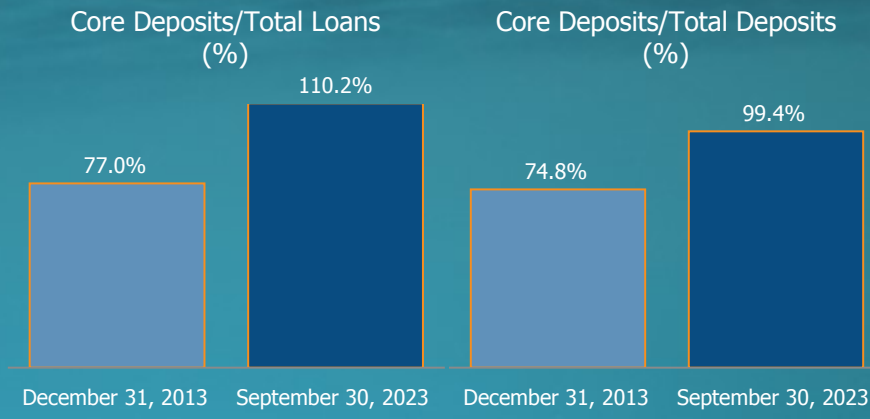

Emphasis on core deposits has helped generate an attractive funding mix

- Core deposits are all deposits excluding time deposits and brokered deposits
- Core deposits were 110.2% of total loans as of September 30, 2023
- Core deposits were 99.4% of total deposits as of September 30, 2023
- Noninterest bearing deposits of $651.8 million as of September 30, 2023
  - Community bank noninterest bearing deposits of $584.0 million, or 38.0% of community bank deposits, and CCBX noninterest bearing deposits of $67.8 million, or 3.9% of CCBX deposits as of September 30, 2023
- $296.4 million in fully insured IntraFi network reciprocal deposits as of September 30, 2023, compared to $240.3 million as of June 30, 2023.
- CCBX deposits are net of an additional $51.9 million in CCBX deposits that were transferred off balance sheet for increased FDIC insurance coverage
- Ability to use funding from BaaS program and to transfer deposits off the balance sheet when not needed.

Deposit Composition

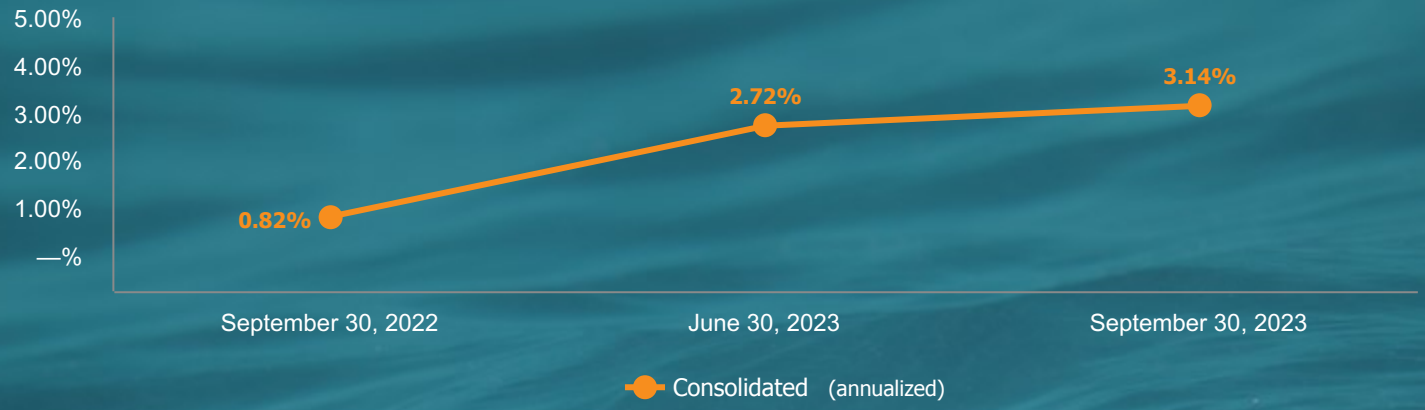

Core Deposit Driven Funding

Note: Data as of and for the quarter ended September 30, 2023 unless otherwise indicated.

DEPOSIT COSTS

- Cost of total deposits was 3.14% for the quarter ended September 30, 2023 compared to 2.72% for the quarter ended June 30, 2023, and 0.82% for the quarter ended September 30, 2022

  - Cost of deposits for the community bank and CCBX were 1.31% and 4.80%, respectively, for the quarter ended September 30, 2023
- Deposit costs were higher on interest bearing deposits as a result of:
  - Increased interest expense as a result of increasing our rates to retain deposits and rival our competitors raising rates
  - CCBX deposit pricing being tied to the Fed Funds rate
    - CCBX deposits are growing at a faster rate than community bank deposits
- We continue to focus on managing our deposits to hold down deposit costs when possible
- No internet-sourced deposits through nonbrokered marketplaces

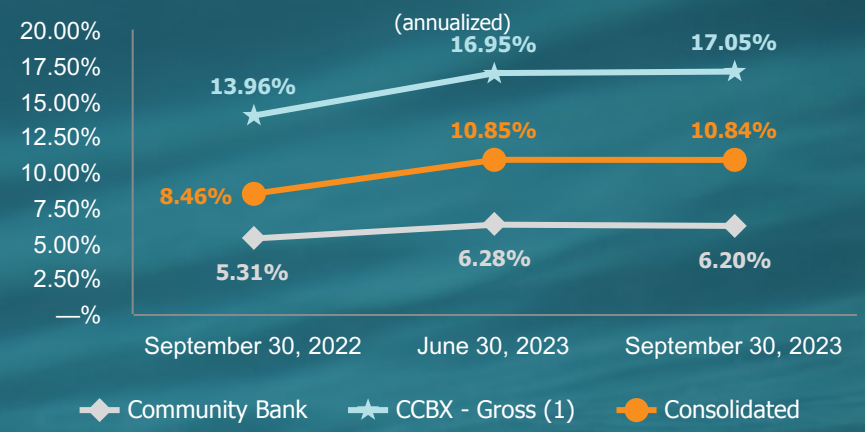

Note: Data as of and for the quarter ended September 30, 2023 unless otherwise indicated.

SEGMENT OVERVIEW - Community Bank and CCBX **(for the three months ended)**

Average Cost of Deposits

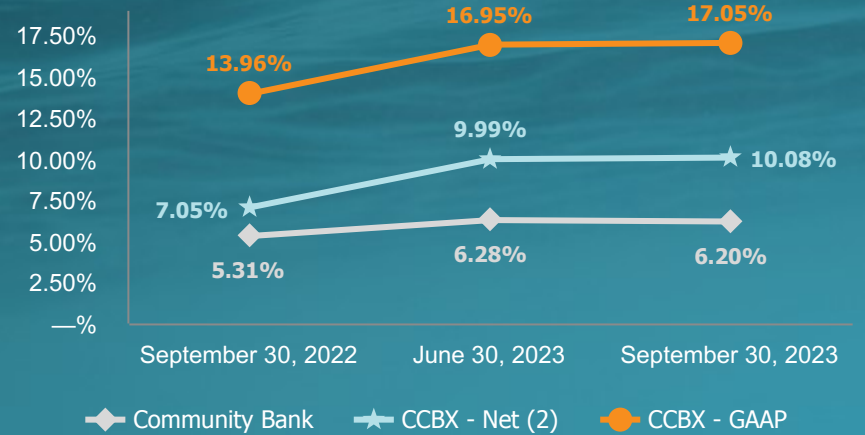

Average Yield - Loans Receivable

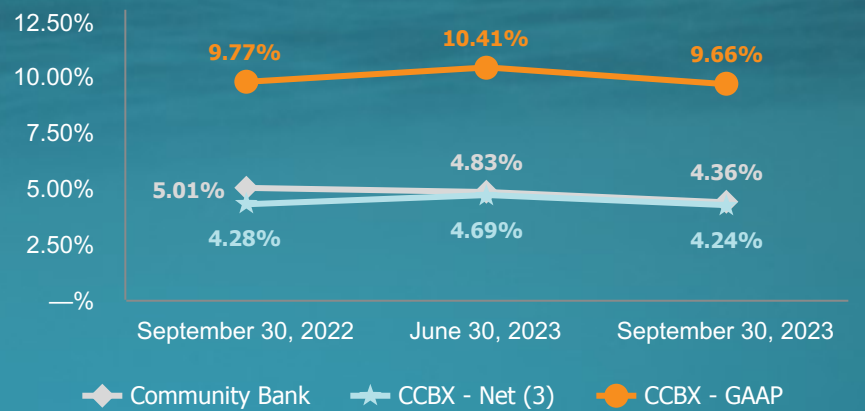

Yield

Community Bank & CCBX -GAAP: Average Yield - Loans Receivable
CCBX - Net: Net BaaS Loan Income /Average CCBX Loans

Net Interest Margin

Community Bank & CCBX - GAAP: Net interest Income/Average Earning Assets
CCBX - Net: Net Interest Income less BaaS Loan Expense/Average Earning Assets

(1) CCBX - gross yield does not include the impact of BaaS loan expense. BaaS loan expense represents the amount paid or payable to partners for credit enhancement and servicing CCBX loans. To determine net revenue (Net BaaS loan income) earned from CCBX loan relationships, the Company takes BaaS loan interest income and deducts BaaS loan expense to arrive at Net BaaS loan income which can be compared to interest income on the Company's community bank loans.
(2) CCBX - net BaaS loan income represents BaaS loan interest income minus BaaS loan expense divided by average CCBX loans. This produces a ratio which can be compared to average yield of community bank loans.
(3) Net interest margin, net of BaaS loan expense represents CCBX net interest income less BaaS loan expense divided by average earning assets. This produces a ratio that can be compared to net interest margin of the community bank.

SEGMENT OVERVIEW - Credit Quality

Allowance for Loan Losses to Total Loans

CCBX partner agreements provide for a credit enhancement[1] that covers the net-charge-offs on CCBX loans and negative deposit accounts

CCBX partners were responsible for and reimbursed the Company for 98.4% of the $36.8 million in net charge-offs for CCBX loans for the quarter ended September 30, 2023

CCBX partners pledge a cash reserve account[2] at the Bank which the Bank can collect from when losses occur that is then replenished by the partner on a regular interval

[1] Except in accordance with the program agreement for one partner where the Company is responsible for credit losses on approximately 10% of a $231.9 million loan portfolio. At September 30, 2023, 10% of this portfolio represented $23.2 million in loans.
[2] $65.8 million in CCBX cash reserves that are controlled by the Bank at September 30, 2023 and are designated for partner loan losses.

Three Rings of Defense:

1. **Well-Funded Partner Cash Reserve Accounts**
2. **Underlying Financial Strength of Our Partners**
3. **Full Economic Benefit and Retention of Loans**

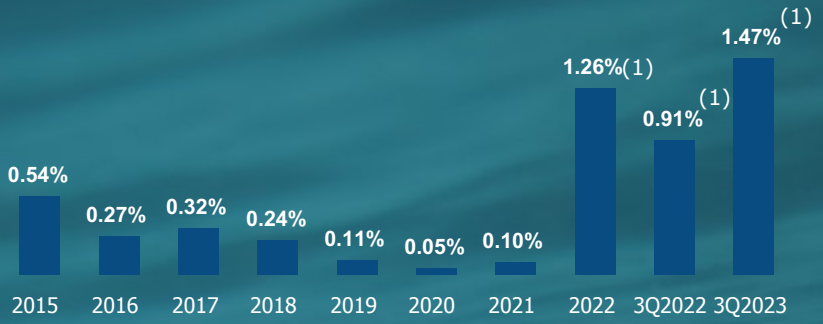

98.0% of total CCBX loans are covered by credit enhancements

STRONG ASSET QUALITY

NPAs / Total Assets

NPLs / Loans Receivable

NPAs by Segment (in thousands)

NPLs by Segment (in thousands)

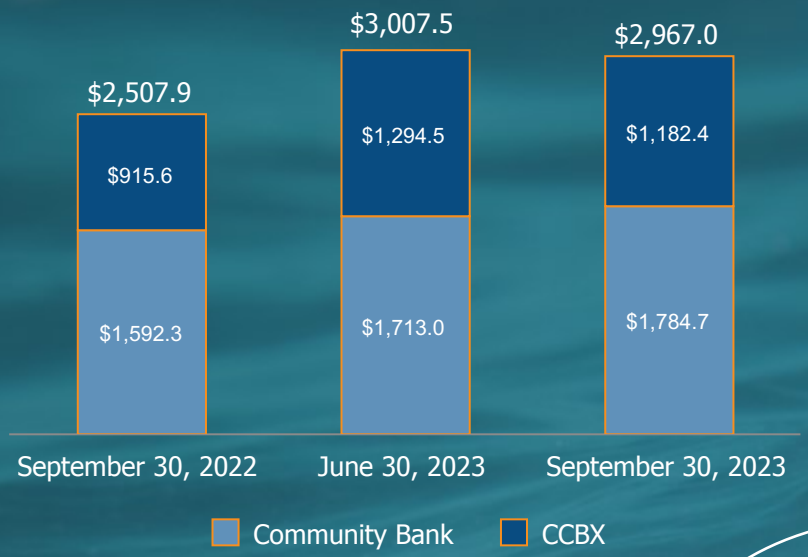

(1) These ratios are impacted by the increase in CCBX loans over 90 days delinquent that are covered by CCBX partner credit enhancements, see note below for more information. CCBX loans represent 0.98% and 1.22% for NPAs/Total Assets and NPLs/Loans Receivable, respectively as of September 30, 2023.
(2) Agreements with our CCBX partners provide for a credit enhancement which protects the Bank by absorbing incurred losses. Under the agreement, the CCBX partner will reimburse the Bank for its loss/charge-off on these loans. Timing of the loss/charge-off varies depending on the type of loan; installment loans are charged off at 120 days and credit cards and open ended lines at 180 days. Once the loss/charge-off occurs then the Bank will collect the loss amount from the CCBX partner.

CFC LOAN AND DEPOSIT GROWTH

Total Loans Receivable

(Dollars in millions)

Total Deposits

(Dollars in millions)

Loans decreased $40.5 million or 1.3% from June 30, 2023 as we optimize our CCBX portfolio, strengthening our balance sheet through enhanced credit standards

CCBX LOAN PORTFOLIO STATISTICS & LENDING APPROACH

1. Well-Funded Partner Cash Reserve Accounts

Partner pledges/places cash in a Bank controlled deposit account at an agreed percentage of the loan balance:

- We call this account the cash reserve pledge account;
- The Bank has the right to access the cash reserve account for losses when they occur;
- The percentage in the cash reserve account is determined based on underwriting criteria and the loss rate expected on the loan category and frequency on which the account must be replenished/backfilled (weekly or monthly); and
- We monitor cash pledge accounts regularly to determine if any replenishment amounts are late and to determine consistency of losses with underwriting.

2. Underlying Financial Strength of Our Partners

CCBX Partner ("Partner") contractually agrees to cover credit and fraud losses on loans they originate beyond the cash pledge account and to replenish the cash pledge account:

- Terms are specified in program agreement;
- We compensate the Partner for taking on this risk by paying Partner for credit and fraud enhancements which are reflected as BaaS loan expense on our books; and
- If losses are managed well and lower than expected, then the Partner has higher net revenue (revenue received from the Bank less losses paid to the Bank)- they have a financial incentive to underwrite correctly and reduce/contain losses. We call this skin in the game.

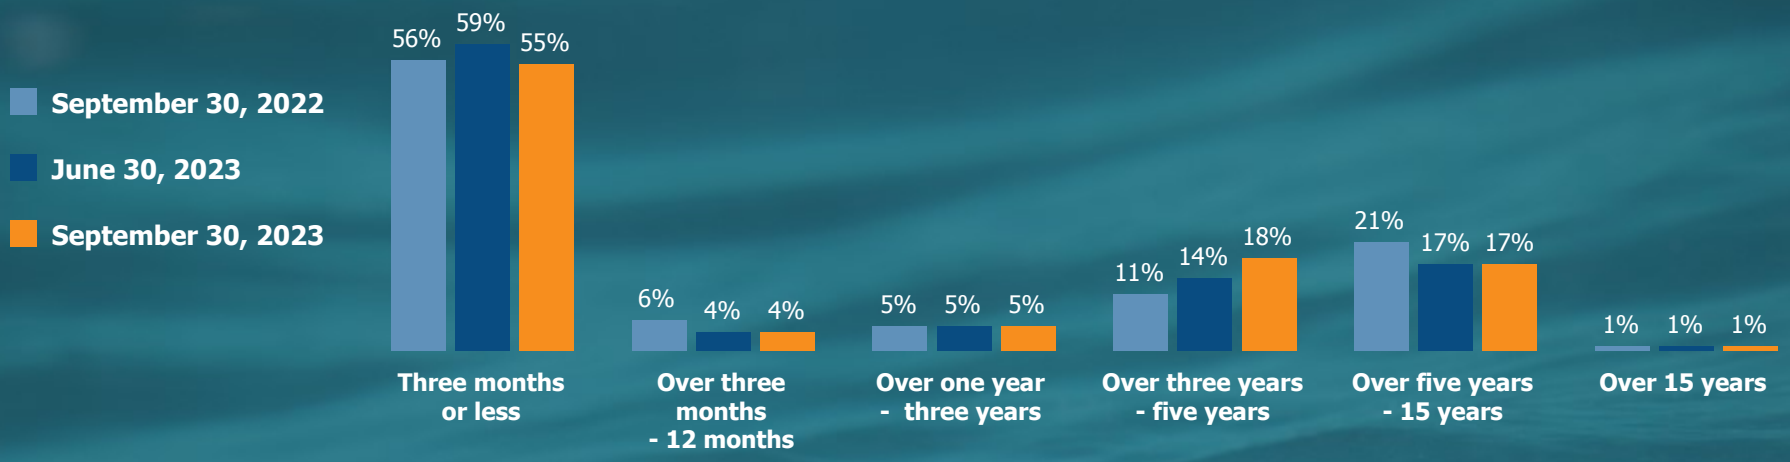

3. Full Economic Benefit and Retention of Loans

Credit enhancement waterfall approach:

- Cash reserve pledge account is available to cover ongoing loan losses and is replenished weekly or monthly;
- The Partner contractually agrees to replenish the cash pledge reserve account based on its financial wherewithal (cash, capital reserves, and future earnings);
- If account is not replenished, then the partner is in default of the agreement and the Bank can withhold credit and fraud enhancement and loan servicing revenue until the account is replenished – the Bank has back-up loan servicing options for partners if it needs to take over servicing;
- If the partner defaults, then the Bank retains all interest to cover future loans, would write-off any amounts due from the partner.
- Note – Loan losses on the loan portfolio will have already been incurred and recognized from using the cash pledge reserve and the cash pledge reserve replenishment feature (financial wherewithal of Partner) so the portfolio that the Bank will be taking over and incurring losses on will be partially or fully seasoned, so loan losses going forward would be anticipated to be lower than the initial losses on the portfolio already incurred by the Partner.

ASSET-SENSITIVE BALANCE SHEET

Loan Repricing

Bank will Benefit when Rates Increase

- Slightly asset sensitive
- 55% of our assets reprice within 3 months as of September 30, 2023

Community Bank Loans:

- 2.91 years weighted average reprice
- 7.19 years weighted average maturity

CCBX loans:

- Portion of rate that bank retains reprices as Fed Funds rate changes
- 96% of CCBX loans are included in "three months or less" in chart above

Loan Strategy:

- shorter term loans
- interest rate swaps
- variable rate loans

Deposit Strategy:

- Funding from noninterest bearing deposits, savings and money markets vs. term deposits (ex. time deposits)
- CCBX deposit costs - after exceeding the floor, deposits reprice as the Fed Funds rate changes

NON-GAAP RECONCILIATION –Net BaaS Loan Income Interest Margin

The Company uses certain non-GAAP financial measures to provide meaningful supplemental information regarding the Company's operational performance and to enhance investors' overall understanding of such financial performance.

However, these non-GAAP financial measures are supplemental and are not a substitute for an analysis based on GAAP measures. As other companies may use different calculations for these adjusted measures, this presentation may not be comparable to other similarly titled adjusted measures reported by other companies.

The following non-GAAP measure is presented to illustrate the impact of BaaS loan expense on net loan income and yield on CCBX loans.

Net BaaS loan income divided by average CCBX loans is a non-GAAP measure that includes the impact BaaS loan expense on net BaaS loan income and the yield on CCBX loans. The most directly comparable GAAP measure is yield on CCBX loans.

The following non-GAAP measure is presented to illustrate the impact of BaaS loan expense on net interest income and net interest margin.

Net interest income net of BaaS loan expense is a non-GAAP measure that includes the impact BaaS loan expense on net interest income. The most directly comparable GAAP measure is net interest income.

Net interest margin, net of BaaS loan expense is a non-GAAP measure that includes the impact of BaaS loan expense on net interest rate margin. The most directly comparable GAAP measure is net interest margin.

Reconciliations of the GAAP and non-GAAP measures are presented below.

NON-GAAP RECONCILIATION – 2017 ADJUSTED MEASURES

Some of the financial measures included in this presentation are not measures of financial performance recognized by GAAP. Our management uses the non-GAAP financial measures set forth below in its analysis of our performance for 2017 to exclude the impact of a deferred tax asset revaluation due to the enactment of the Tax Cuts and Jobs Act.

- "Adjusted net income" is a non-GAAP measure defined as net income increased by the additional income tax expense that resulted from the revaluation of deferred tax assets as a result of the reduction in the corporate income tax rate under the recently enacted Tax Cuts and Jobs Act. The most directly comparable GAAP measure is net income.

(dollars in thousands)	As of or for the Year Ended, December 31, 2017
Adjusted net income:	
Net income	$ 5,436
Plus: additional income tax expense	1,295
Adjusted net income	$ 6,731
