Important Disclosure

- This presentation is intended to provide general information only and is not, and should not be considered, as an offer to purchase or sell the Company's securities, or a proposal to receive such offers. In addition, this presentation is not an offer to the public of the Company's securities. By attending or viewing this presentation, each attendee ("Attendee") agrees that he or she (i) has read this disclaimer, (ii) is bound by the restrictions set out herein, (iii) is permitted, in accordance with all applicable laws, to receive such information, (iv) is solely responsible for his or her own assessment of the business and financial position of the Company and (v) will conduct his or her own analysis and be solely responsible for forming the Attendee's view of the potential future performance of the Company's business.
- This presentation includes projections, guidance, forecasts, estimates, assessments and other information pertaining to future events and/or matters, whose materialization is uncertain and is beyond the Company's control, and which constitute forward looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended, and the Israeli Securities Law, 5728-1968). Many of the forward-looking statements contained in this presentation can be identified by the use of forward-looking words such as "anticipate," "believe," "could," "expect," "should," "plan," "intend," "estimate" and "potential," among others. Forward-looking statements include, but are not limited to, expectations and evaluations relating to the Company's business and financial targets and strategy, the integration of the Company's technology in various systems and industries, the advantages of the Company's existing and future products, timetables regarding completion of the Company's developments and the Company's intentions in relation to various industries, the Company's intentions in relation to the creation of collaborations and engagements in licensing agreements, production and distribution in various countries, and other statements regarding our intent, belief or current expectations. Forward-looking statements are based on our management's beliefs and assumptions and on information currently available to our management. Such statements are subject to risks and uncertainties, and actual results may differ materially from those expressed or implied in the forward-looking statements due to various factors, including, but not limited to: our expectations regarding general market conditions, including as a result of the COVID-19 pandemic and other global economic trends; changes in consumer tastes and preferences; fluctuations in inflation, interest rates and exchange rates in the global economic environment; the availability of qualified personnel and the ability to retain such personnel; changes in commodity costs, labor, distribution and other operating costs; our ability to implement our growth strategy; changes in government regulation and tax matters; other factors that may affect our financial condition, liquidity and results of operations; general economic, political, demographic and business conditions in Israel, including the ongoing war in Israel that began on October 7, 2023 and global perspectives regarding that conflict; the success of operating initiatives, including advertising and promotional efforts and new product and concept development by us and our competitors; factors relating to acquisitions made by the Company, including our ability to effectively and efficiently integrate acquired businesses into our existing business; and other risk factors discussed under "Risk Factors" in our annual report on Form 20-F filed with the SEC on March 4, 2025 (our "Annual Report"). The preceding list is not intended to be an exhaustive list of all of our forward-looking statements. The forward-looking statements are based on our beliefs, assumptions and expectations of future performance, taking into account the information currently available to us. These statements are only estimates based upon our current expectations and projections about future events. There are important factors that could cause our actual results, levels of activity, performance or achievements to differ materially from the results, levels of activity, performance or achievements expressed or implied by the forward-looking statements. In particular, you should consider the risks provided under "Risk Factors" in our Annual Report.
- You should not rely upon forward-looking statements as predictions of future events. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that future results, levels of activity, performance and events and circumstances reflected in the forward-looking statements will be achieved or will occur. Each forward-looking statement speaks only as of the date of the particular statement. Except as required by law, we undertake no obligation to update publicly any forward-looking statements provided in this presentation for any reason, to conform these statements to actual results or to changes in our expectations.
- In addition, the presentation includes data published by various bodies, and data provided to the Company in the framework of cooperation engagements, concerning the industry, competitive position and markets in which the Company operates, whose content was not independently verified by the Company, such that the Company is not responsible for the accuracy or completeness of such data or whether the data is up-to-date, and Company takes no responsibility for any reliance on such data.
- Management estimates contained in this presentation are derived from publicly available information released by independent industry analysts and other third-party sources, as well as data from the Company's internal research, and are based on assumptions made by the Company upon review of such data, and the Company's experience in, and knowledge of, the industry and markets in which the Company operates. Although the Company believes these management estimates are reasonable, projections, assumptions and estimates of the future performance of the industry in which the Company operates and the Company's future performance are necessarily subject to uncertainty and risk due to a variety of factors, including those described above. These and other factors could cause results to differ materially from those expressed in the estimates made by independent parties and by the Company. Industry publications, research, surveys and studies generally state that the information they provide has been obtained from sources believed to be reliable, but that the accuracy and completeness of such information is not guaranteed. Forecasts and other forward-looking information obtained from these sources are subject to the same qualifications and uncertainties as the other forward-looking statements in this presentation.
- In addition to various operational metrics and financial measures in accordance with accounting principles generally accepted under International Financial Reporting Standards, or IFRS, this presentation contains Adjusted EBITDA, Free Cash Flow and Adjusted OPEX, each a non-IFRS financial measure provided to help evaluate our past results and future prospects. Please refer to the appendix for of this presentation for a definition of Adjusted EBITDA, Free Cash Flow and Adjusted OPEX as well as reconciliations of Adjusted EBITDA to net income (loss), Free Cash Flow to operating cash and Adjusted OPEX to OPEX.
- Due to the inherent difficulty in forecasting and quantifying the amounts of certain items that are necessary for such reconciliation, the Company is not able, without unreasonable effort, to provide a reconciliation of forward-looking Adjusted EBITDA to IFRS net income (loss), in particular because items such as finance expenses and issuance and acquisition costs used to calculate projected net income (loss) vary dramatically based on actual events. Therefore, the Company is not able to forecast on an IFRS basis with reasonable certainty all deductions needed in order to provide an IFRS calculation of projected net income (loss) at this time. The amount of these deductions may be material and therefore could result in projected IFRS net income (loss) being materially less than projected Adjusted EBITDA (non-IFRS).
- The Company and its licensors have proprietary rights to trademarks used in this presentation. Solely for convenience, trademarks and trade names referred to in this presentation may appear without the "®" or "TM" symbols, but the lack of such references is not intended to indicate, in any way, that the Company will not assert, to the fullest extent possible under applicable law, its rights or the rights of the applicable licensor to these trademarks and trade names. This presentation also contains trademarks, trade names and service marks of other companies, which are the property of their respective owners and are used here for reference purposes only. Such use of other parties' trademarks, trade names or service marks should not be construed to imply a relationship with, or an endorsement or sponsorship of the Company, by any other party.

Q2 2025 Key Highlights¹

Strong growth

- **Revenue** increased 22% to \$95.6 million, driven by both new and existing customer expansion
- **Recurring revenue** grew 32% to \$70.7 million and represented 74% of total revenue

KPIs

- **Number of customers** increased 24% to nearly 105k
- **Total transaction value** increased 34% to \$1.59 billion
- **Total number of transactions** increased 25% to 726 million
- **Managed and connected devices** increased 16% to 1.38 million

Profitability

- **Gross Margin** increased significantly to 48.3% from 44.3%, driven by processing margin improvement as a result of favorable renegotiation of key contracts with several bank acquirers and improved smart-routing capabilities. In addition, HW margin increased due to continued optimization of our supply chain infrastructure, and better component sourcing and cost
- **Adjusted EBITDA⁽¹⁾** increased to \$12.6 million, representing 13% of total revenue. An improvement from 10% of total revenue in Q2 2024
- **Net Income** increased to \$11.7 million. Excluding a one-time gain mainly related to the share purchase of Nayax Capital⁽²⁾, net income would have been \$6.1 million, a significant improvement compared to a net loss of \$3.0 million in the prior year period

(1) All comparisons are relative to the second quarter and three-month period ended June 30, 2024 (the “prior year period”).

(2) Adjusted EBITDA is a non-IFRS financial measure. Please refer to the Appendix for a definition of Adjusted EBITDA and for a reconciliation of Adjusted EBITDA to the most directly comparable IFRS measure.

(3) Nayax Capital is an embedded financing solution for operators, previously held as a joint venture.

Key Developments and Customer Success Stories

Announced a strategic partnership with Autel Energy, a leading global provider of EV charging solutions, to embed Nayax's payment technology into approximately 100,000 Autel chargers across North America and Europe by the end of 2026. Autel, one of the fastest-growing EVSE suppliers worldwide with 53% year-over-year revenue growth in 2024, will integrate Nayax's flexible payment infrastructure into its high-performance AC/DC charger products.

Acquired the remaining 51% of Nayax Capital, a joint venture we initially launched in 2023. Nayax Capital has now been fully consolidated under our embedded finance division. We believe embedded finance solutions, such as bank accounts, card issuing, and financing, will bring more value to our customers and over time increase recurring revenue per customer.

Announced strategic partnership to provide comprehensive payment solutions for Lynkwell, a leading energy infrastructure provider managing thousands of DCFC and Level 2 electric vehicle (EV) charging ports across the United States and Canada.

Completed the acquisition of Inepro Pay, a subsidiary of Inepro and a Nayax distributor in the Benelux region. The acquisition expands Nayax's reach in the region, while improving efficiency and bringing Nayax closer to its customers in the region.

2025 Outlook⁽¹⁾

Metric	FY 2025
Revenue	\$410m - \$425m
Organic Revenue	At least 25%
Adjusted EBITDA ⁽²⁾	\$65m - \$70m
Free Cash Flow ⁽³⁾	At least 50% free cash flow conversion from adjusted EBITDA

Guidance Assumptions

- Revenue is projected on a constant currency basis
- Customer demand continues to be strong
- Assumes no material changes in macroeconomic conditions

(1) Due to the inherent difficulty in forecasting and quantifying the amounts of certain items that are necessary for such reconciliation, the Company is not able, without unreasonable effort, to provide a reconciliation of forward-looking Adjusted EBITDA to IFRS net income (loss), in particular because items such as finance expenses and issuance and acquisition costs used to calculate projected net income (loss) vary dramatically based on actual events. Therefore, the Company is not able to forecast on an IFRS basis with reasonable certainty all deductions needed in order to provide an IFRS calculation of projected net income (loss) at this time. The amount of these deductions may be material and therefore could result in projected IFRS net income (loss) being materially less than projected adjusted EBITDA (non-IFRS).

(2) Adjusted EBITDA is a non-IFRS financial measure. Please refer to the Appendix for a definition of Adjusted EBITDA

(3) Free Cash Flow is a non-IFRS financial measure. Please refer to the Appendix for a definition of Free Cash Flow

2028 Outlook⁽¹⁾

2028 Outlook

Revenue Growth	Reaffirming 2028 outlook of 35% annual growth, driven by organic growth initiatives and strategic M&A
Gross Margin	Target of 50% Main drivers: as we continue to drive high margin SaaS revenues and operational efficiency
Adjusted EBITDA ⁽²⁾	Target of 30%

Guidance Assumptions

- Assumes no material changes in macroeconomic conditions
- Strong 2028 growth drivers with large addressable market and continued strong secular tailwinds

(1) Due to the inherent difficulty in forecasting and quantifying the amounts of certain items that are necessary for such reconciliation, the Company is not able, without unreasonable effort, to provide a reconciliation of forward-looking Adjusted EBITDA to IFRS net income (loss), in particular because items such as finance expenses and issuance and acquisition costs used to calculate projected net income (loss) vary dramatically based on actual events. Therefore, the Company is not able to forecast on an IFRS basis with reasonable certainty all deductions needed in order to provide an IFRS calculation of projected net income (loss) at this time. The amount of these deductions may be material and therefore could result in projected IFRS net income (loss) being materially less than projected adjusted EBITDA (non-IFRS).

Key Definitions

Managed & Connected Devices

Devices that are operated by our customers.

Connected Devices

Devices that are integrated with our platform services, either sold or leased by us, enabling seamless connectivity, data exchange, and service management. These devices operate within our ecosystem, ensuring optimized performance and enhanced user experience.

Managed Devices

Third-party devices on which we provide a software solution, enabling functionality, monitoring, and management without direct ownership or control over the hardware.

Adjusted OPEX

Total OPEX excluding stock base compensation, depreciation and amortization

End Customers

Customers that contributed to Nayax revenue in the last 12 months.

Existing Customer Expansion

Revenue generated within a given cohort over the years presented. Each cohort represents customers from whom we received revenue for the first time, in a given year.

Revenue Churn

The percentage of revenue lost as a result of customers leaving our platform in the last 12 months.

Take Rate

Payment service providers typically take a percentage of every transaction in exchange for facilitating the movement of funds from the buyer to the seller. Take rate % (payments) is calculated by dividing the Company's processing revenue by the total dollar transaction value in the same quarter

Recurring Revenue

SAAS revenue and payment processing fees.

Dollar-based net retention rate

Measured as a percentage of Recurring Revenue from returning customers in a given period as compared to the Recurring Revenue from such customers in the prior period, which reflects the increase in revenue and the rate of losses from customer churn.

Adjusted EBITDA

Adjusted EBITDA is a non-IFRS financial measure that we define as profit or loss for the period plus finance expenses, tax expense, depreciation and amortization, share-based compensation costs, non-recurring issuance and acquisition related costs and our share in losses of associates accounted for by the equity method.

Free Cash Flow

Net cash provided from operating activities minus capitalized development costs and acquisition of property and equipment.

Constant Currency

Nayax presents constant currency information to provide a framework for assessing how our underlying businesses performed excluding the effect of foreign currency rate fluctuations. Future expected results for transactions in currencies other than United States dollars are converted into United States dollars using the exchange rates in effect in the last month of the reporting period. Nayax provides this financial information to aid investors in better understanding our performance. These constant currency financial measures presented in this release should not be considered as a substitute for, or superior to, the measures of financial performance prepared in accordance with IFRS.
