CHANNEL STRATEGY A Diversified Channel Strategy for Scalable Growth

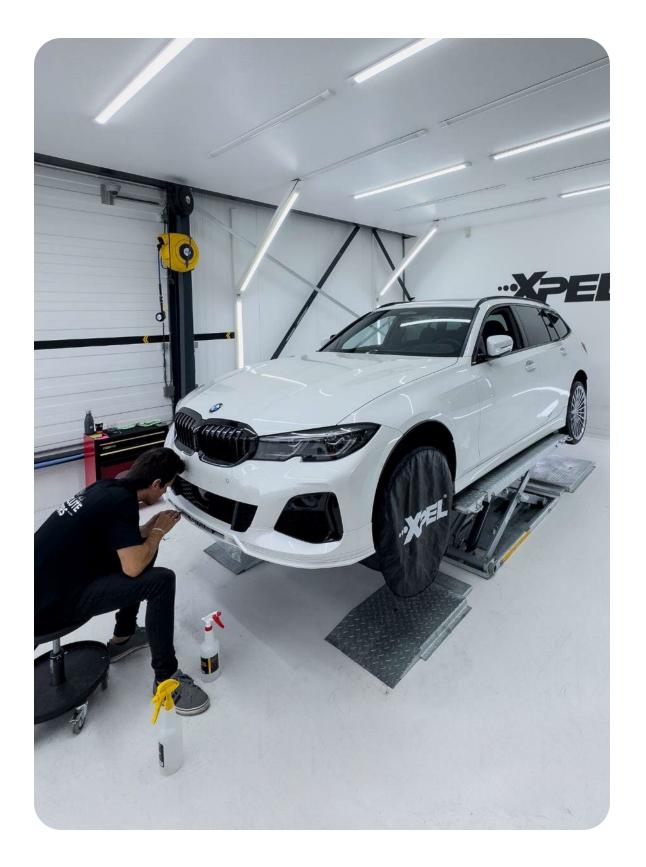

Ъ

Online sales via XPEL.com, Amazon, and partner marketplaces.

Making car care accessible to every driver through trusted digital storefronts.

AFTERMARKET

Independent shops drive personalized installation experiences and are key to market penetration at the enthusiast level.

What They Sell & Buy:

- Paint protection film & window tint
- DAP software subscriptions ٠
- Plotter equipment ٠
- Install supplies & accessories •

Customer Profile:

- Small business operations
- Often enthusiast-owned •
- Offer highly tailored service

DEALERSHIPS

Franchise dealers offer XPEL products as add-ons to their new inventory combined with compliant addendum software, this serves as a feeder strategy to upselling more vehicle coverage in the F&I department to the consumer.

Channel Traits:

- Products added as dealer-installed options
- ٠

Business Value:

- High-volume channel ullet
- Embedded in existing auto buying process •
- •

Bundling capability with PPF, tint, ceramic coatings • Appealing to new car buyers looking for long-term protection

Builds recurring relationships with large dealer groups

DEALERSHIP MODELS

Flexible Models to Deliver Solutions–Based on Capacity, Control, and Scale

INTERNAL PROGRAM

The dealership directly manages installation using in-house staff, supported by XPEL's tools, training, and software.

AFTERMARKET PARTNERSHIP

The dealership outsources installation to a certified local installer and retains margin through retail markup.

XPEL PARTNERSHIP

XPEL provides end-to-end installation services, ideal for high-volume programs with minimal dealer involvement. XPEL employees are embedded on dealership premises.

PPF CUSTOMER ECONOMICS Paint Protection That Pays–From Entry to Full Coverage

\$100 - \$200

- Partial Front
- Covers 6" 12" of leading of hood

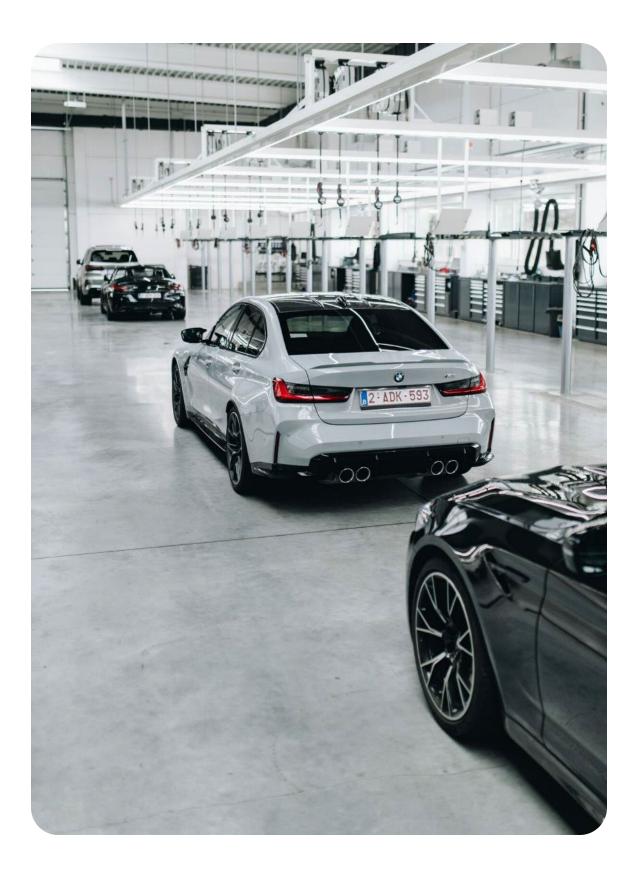

\$1,800 - \$2,500

- Full Front
- Covers entire painted front bumper, hood, fenders, headlights, and backs of painted mirrors

\$4,000 - \$6,000

- Full Body
- Covers entire car.

OEM

XPEL partners with automakers to apply protective films at factories or logistics hubs-delivering factory-quality installs at scale.

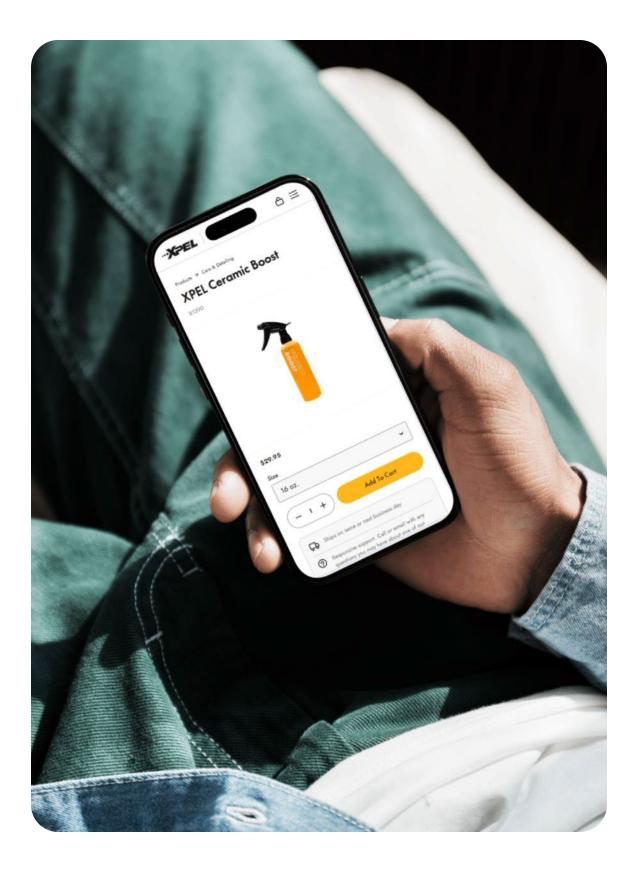

How it Works:

- Factory integration
- XPEL-owned uplift facility
- Ports & logistics locations
- Dealership & automotive retailers
- Post vehicle delivery / Referral programs

Business Value:

- Scalable, high-volume channel
- Early-stage product attachment
- Partnership-driven innovation and customization

E-COMMERCE

XPEL connects directly with consumers through eCommerce platforms, offering a growing portfolio of car care and protection products.

What We Sell:

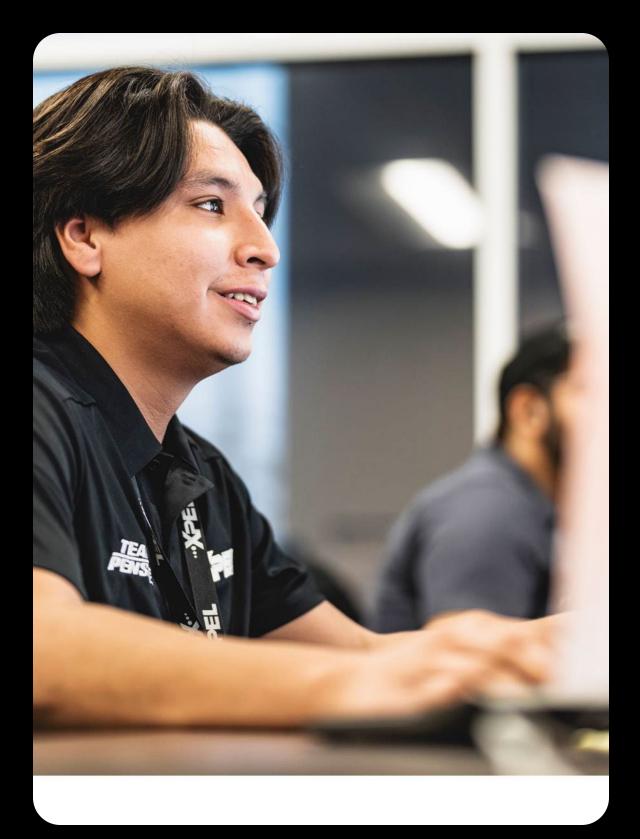

- Car wash & detailing products
- Installation tools

Business Value:

- Builds direct customer relationships •
- Supports brand awareness beyond B2B

• Extends reach to enthusiasts and mass-market consumers

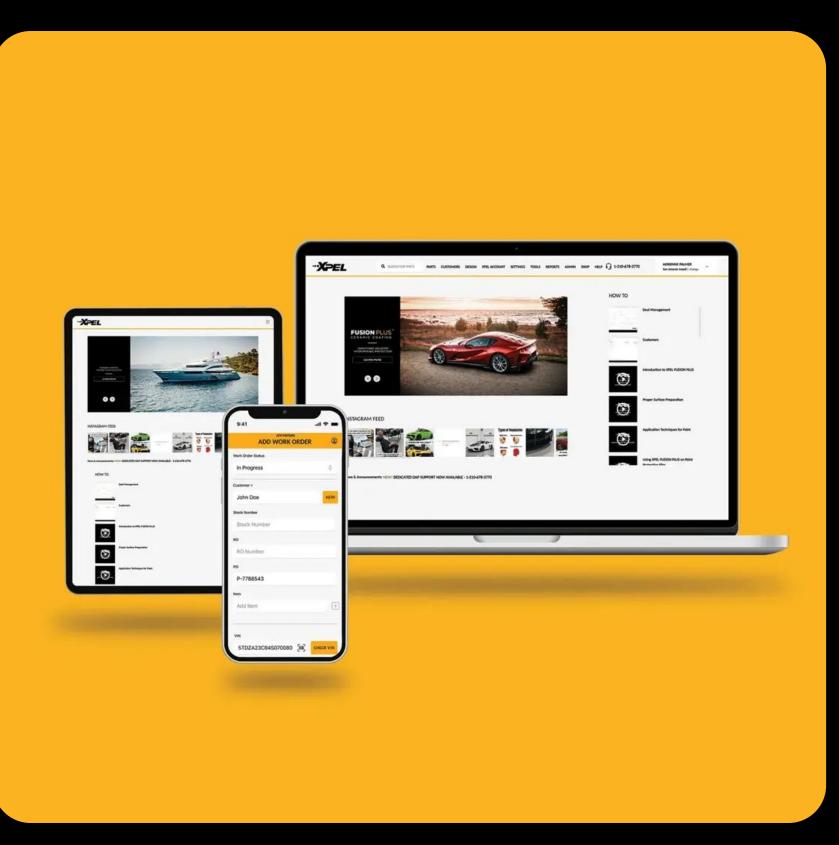

XPEL CUSTOMER EXPERIENCE

Our designated customer support team is available **24/7**.

No matter the type of business or size of the company, our team meets our customers where they are.

Whether a customer needs assistance with expediting an order, troubleshooting software, or even advising on business solutions, our entire team is dedicated to supporting our customers.

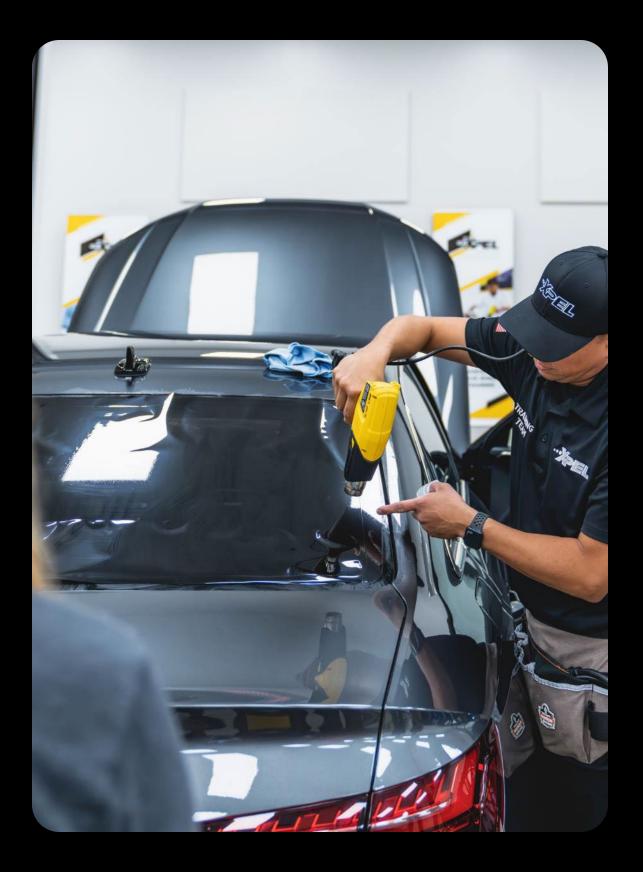

XPEL Certified Installers have access to more than **80,000** patterned paint protection kits via DAP-our proprietary SaaS and cutting software.

DAPNext is the newest version of DAP and is designed to become an all-inone digital business solution for our customers.

XPEL DAP SOFTWARE

XPEL INSTALLER TRAINING

outcome.

CAPITAL ALLOCATION Investing in Growth that Enhances Shareholder Value

A&M

- Service Expansion: Invest in businesses that increase installer reach and dealership access
- Channel Access: Acquire adjacent services or products for core markets (aftermarket, dealer, OEM)
- Technology & Product: Acquire IP or differentiated product lines

CAPEX

- Facilities & Service Delivery: Build and • expand service centers for retail, OEM, and dealer channels
- Manufacturing & Technology: Insource key • operations to improve margin, control, and quality

- Execute opportunistically when value creation is clear
- Fund with excess cash
- Maintain a conservative net debt position

STRATEGIC FOCUS AREAS

Expanding Vehicle Content, TAM, and Channel Reach

Increase product attachment through efficient aftermarket ops, expanded dealership reach, and OEM integration.

Boost revenue per vehicle with adjacent offerings like windshield protection and colored films.

GROW DEALERSHIP TAM

Broaden service and product offerings to deepen penetration across dealership networks.

Turn brand advocates into lifelong customers through cross-category personalization and protection.

EXPAND CONTENT PER VEHICLE

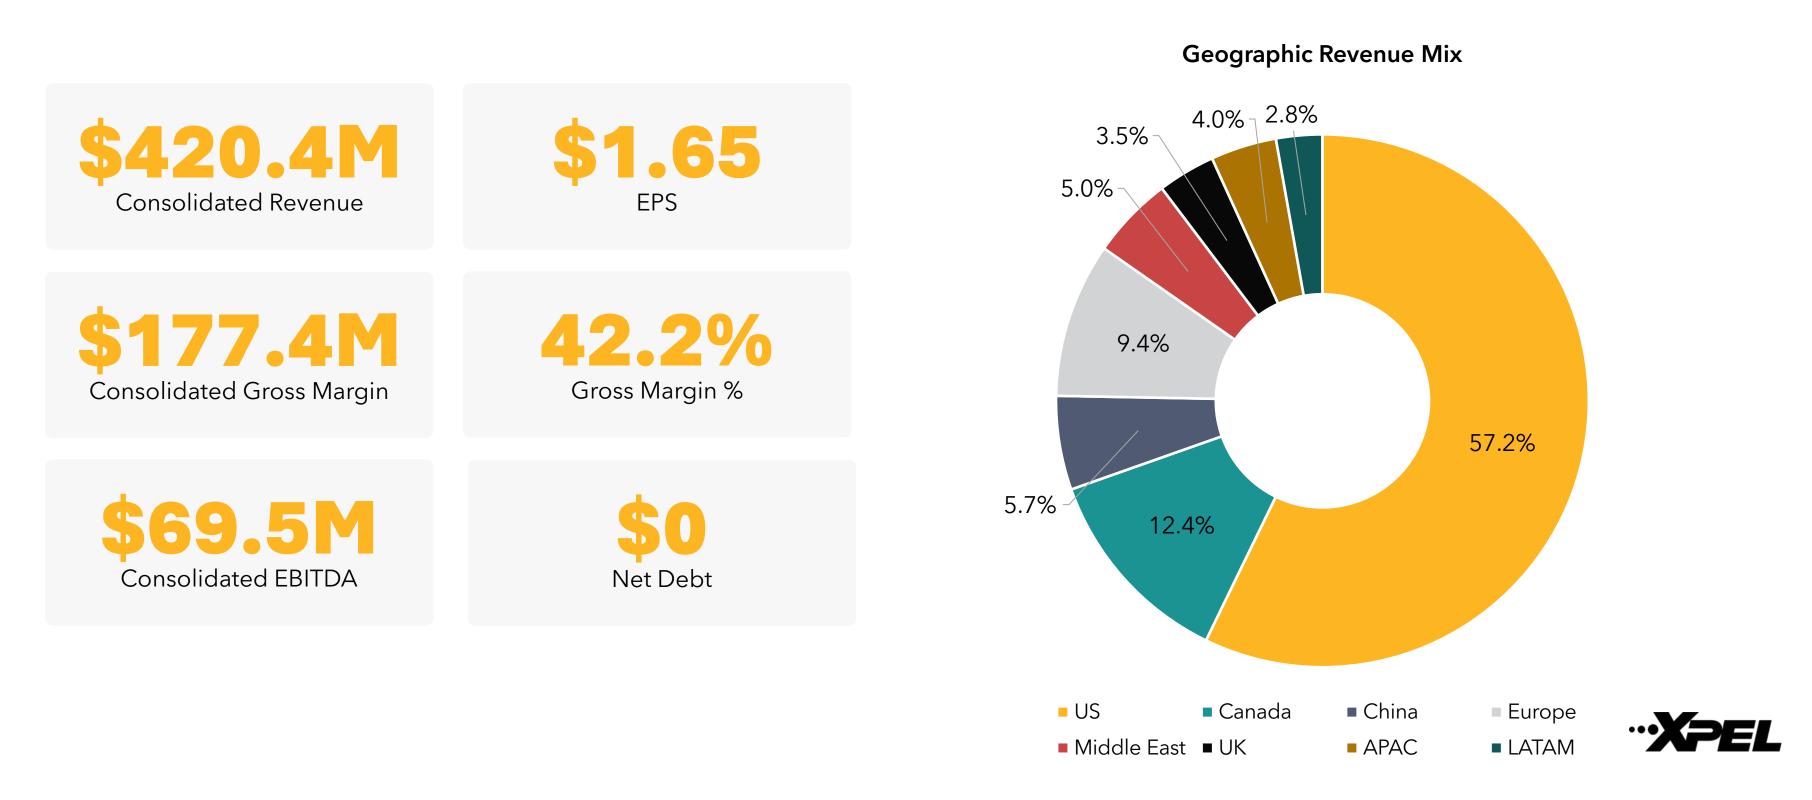

LEVERAGE BRAND LOYALTY
