Pulte Homes Announces New Community

Wild Blue Community to Feature Long Lake Water Views

ESTERO, Fla., May 15, 2018 — Pulte Homes continues to grow its presence in the greater Ft. Myers market, acquiring approximately 220 acres located in Estero. Pulte's Wild Blue community will feature 256 homesites comprised of luxury single-family homes.

With an 88-acre lake, Wild Blue residents will enjoy expansive water views and select lakefront homesites in the gated community, while remaining close to everyday conveniences, amenities, and beaches.

"Wild Blue offers an exceptional location on Corkscrew Road, 2.5 miles from I-75, with beautiful lake views and excellent schools," said Richard McCormick, Division President of PulteGroup's Southwest Florida Division. "This is one of the most sought-after areas in Southwest Florida, and we see a great opportunity to expand our presence with the growing demand."

Wild Blue will offer consumer-inspired floorplans and luxury designs, including large open gathering and dining areas, integrated outdoor living spaces, personalized designer finishes and gourmet kitchens. The community will also feature resort-style amenities with a clubhouse, resort pool, fitness center, tennis, pickleball and bocce courts, and robust lifestyle programming.

Wild Blue is set to open in early 2019. For more information go to pulte.com/wildblue.
