

Kairos Pharma to Present Short Talk on Its Investigational Compound KROS 101 at the 13th AACR-JCA Joint Conference February 5, 2024

2025-01-28

LOS ANGELES--(BUSINESS WIRE)-- Kairos Pharma Ltd. (NYSE American: KAPA), a clinical-stage biopharmaceutical company, announces that the Company will be presenting a talk during the plenary session of the joint AACR-JCA conference, From Cancer Discovery Science to Therapeutic Innovation, being held February 1-5, 2025 in Maui, Hawaii.

The talk, titled, "KROS 101: A Next-Generation G1TR Agonist Boosting Anti-Tumor T Cell Responses and Reprogramming the Tumor Microenvironment," will be held on February 5, 2025 at 4:00 PM local time.

The American Association for Cancer Research (AACR) and Japanese Cancer Association (JCA) offer this 13th AACR-JCA Joint Conference. This meeting series has a long tradition of bringing together outstanding researchers from the United States, Japan, and around the world to share their findings and present the latest advances in basic, translational, and clinical cancer research.

About Kairos Pharma Ltd.

Based in Los Angeles, California, Kairos Pharma Ltd. ([NYSE American: KAPA](#)) is at the forefront of oncology therapeutics, utilizing structural biology to overcome drug resistance and immune suppression in cancer. Our lead candidate, ENV105, is an antibody that targets CD105-a protein identified as a key driver of resistance to various cancer treatments. Elevation of CD105 in response to standard therapy results in resistance and disease relapse. ENV105 aims to reverse drug resistance by targeting CD105 and restore the effectiveness of standard therapies across multiple cancer types. Currently, ENV105 is in a Phase 2 clinical trial for castrate-resistant prostate cancer and a Phase 1 trial for lung cancer aimed at addressing significant unmet medical needs. CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

This press release contains “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. You can identify forward-looking statements as those that are not historical in nature, particularly those that use terminology such as “may,” “should,” “expects,” “anticipates,” “contemplates,” “estimates,” “believes,” “plans,” “projected,” “predicts,” “potential” or “hopes” or the negative of these or similar terms. The reader is cautioned not to rely on these forward-looking statements. If underlying assumptions prove inaccurate, or known or unknown risks or uncertainties materialize, actual results could vary materially from the expectations and projections of Kairos Pharma. We base these forward-looking statements on our expectations and projections about future events, which we derive from the information currently available to us. Such forward-looking statements relate to future events or our future performance. In evaluating these forward-looking statements, you should consider various factors, including: our expectations regarding the success and/or completion of our Phase 1 and Phase 2 clinical trials; our success in completing newly initiated clinical trials, commence new trials, and obtain regulatory approval following the conclusion of such trials; challenges and uncertainties inherent in product research and development; and the uncertainty regarding future commercial success. These and other factors may cause our actual results to differ materially from any forward-looking statement. Forward-looking statements are only predictions. The forward-looking statements discussed in this press release and other statements made from time to time by us or our representatives, may not occur, and actual events and results may differ materially and are subject to risks, uncertainties and assumptions about us, including those described in Kairos Pharma’s prospectus filed with the SEC. We are not obligated to publicly update or revise any forward-looking statement, and Kairos Pharma is not required to update any forward-looking statement as a result of new information or future events or developments, except as required by U.S. federal securities laws.
