REDWOOD CITY, Calif.--(BUSINESS WIRE)-- Electronic Arts Inc. Starting today, players can simply register, download the game to their PC and enter the Community Beta by visiting: <http://bit.ly/1jcgdu7>. *Dawngate* features an intense competitive online experience that challenges players to find their own play style with a flexible Meta and rapid, team-based combat.

Join us at PAX East: Waystone Games will be offering a hands-on experience of *Dawngate* at the [Penny Arcade Expo EAST](#) in Boston from Apr. 11-13. In addition to the friendly competition in the PC Room, there will be opportunities to meet the Waystone Games development team and celebrate the official launch of the online graphic novel, *The Dawngate Chronicles*, with artist Nicholas Kole. Plus, players can attend the *Dawngate* Panel, and all PAX East attendees will be receiving an exclusive bonus skin in their registration bags. Those unable to attend the show can stay connected throughout the event by watching the live stream at www.twitch.tv/waystonegames.

"We wanted *Dawngate* to look and feel like a true MOBA experience, but add something fresh and new to the core design by offering a flexible Meta to gameplay," said Dave Cerra, Lead Producer on *Dawngate*. "We feel that giving players the freedom to tailor each Shaper's role to their own personal play style makes a powerful impact in the overall experience and sets *Dawngate* apart."

New Online Graphic Novel: This Friday will mark the official launch of the new interactive online graphic novel, [The Dawngate Chronicles](#). Brought to life through lush line-work and gorgeous color, *The Dawngate Chronicles* is a unique interactive story that Waystone Games will author in collaboration with the players. With every game played, the *Dawngate* community will guide how the story unfolds to dictate the fate of everything, from their favorite characters to entire nations - even driving the addition of new content directly back into the game.

Discover Dawngate: *Dawngate* is a multiplayer online battle arena game that features fast-paced team combat and a flexible Meta that lets gamers play their way. With the freedom to choose a role that isn't dependent on the player's choice of Shaper, *Dawngate* expands its Meta by celebrating personal play styles. Featuring two teams of five Shapers, two lanes and a huge jungle, the game also introduces unique economy-based objectives like Spirit Wells to create a new strategic landscape. Each match ends with an intense fight against the enemy team and their Guardian, and gives players the chance to earn Blessings from their allies and foes. Blessings are loot drops that reward how well gamers played, and commends them for teamwork and sportsmanship.
