The Company has not finalized its financial statement closing process for the third quarter ended December 31, 2024. During the course of that process, the Company may identify items that would require it to make adjustments, which may be material to the information provided. As a result, the provided information constitutes forward-looking statements and is subject to risks and uncertainties, including possible adjustments to the preliminary results disclosed. Providing this information for this period does not constitute an obligation or intention to update this information for future time periods. Except as otherwise provided herein, capitalized terms used herein but not otherwise defined herein shall have the meanings set forth in the Company's Annual Report on Form 10-K.

## Reconciliation to Non-GAAP Financial Information

### Time Charter Equivalent Revenues

TCE revenues are a shipping industry non-U.S. GAAP measure of the revenue performance of a vessel used primarily to compare period-to-period changes in a shipping company's performance despite changes in the mix of charter types (such as time charters, voyage charters) under which the vessels may be employed between the periods. The Company's method of calculating TCE revenues is to subtract voyage expenses from shipping revenues for the relevant time period, which may not be calculated the same by other companies.

TCE revenues are not a recognized measure under U.S. GAAP and should not be regarded as a substitute for revenues. The Company's presentation of TCE revenues does not imply, and should not be construed as an inference, that its future results will be unaffected by unusual or non-recurring items and should not be considered in isolation or as a substitute for a measure of performance prepared in accordance with U.S. GAAP.

The following table sets forth a reconciliation of revenues to TCE revenues (unaudited) for the period presented:

---

(In U.S. dollars)	Three months ended December 31, 2024 <sup>(1)</sup>	
Revenues	\$	80,700,000
Voyage expenses		(1,000,000)
TCE revenues	\$	79,700,000

---

<sup>(1)</sup> Based on the midpoint of the preliminary projection for the third quarter ended December 31, 2024, included herein.
