Forward Looking Statements and Use of Non-GAAP Financial Measures

USE OF FORWARD-LOOKING STATEMENTS

This presentation includes certain “forward-looking statements” within the meaning of, and subject to the safe harbor created by, Section 21E of the Securities Exchange Act of 1934, as amended, with respect to the business, strategy and plans of DFIN and its expectations relating to future financial condition and performance. Statements that are not historical facts, including statements about DFIN management’s beliefs and expectations, are forward-looking statements. Words such as “believes,” “anticipates,” “estimates,” “expects,” “intends,” “aims,” “potential,” “will,” “would,” “could,” “considered,” “likely,” “estimate” and variations of these words and similar future or conditional expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. While DFIN believes these expectations, assumptions, estimates and projections are reasonable, such forward-looking statements are only predictions and involve known and unknown risks and uncertainties, many of which are beyond DFIN’s control. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend upon future circumstances that may or may not occur. Actual results may differ materially from DFIN’s current expectations depending upon a number of factors affecting the business and risks associated with the performance of the business. These factors include such risks and uncertainties detailed in DFIN periodic public filings with the SEC, including but not limited to those discussed under “Special Note Regarding Forward-Looking Statements” and in Part I, Item 1A. Risk Factors of DFIN’s Annual Report on Form 10-K for the fiscal year ended December 31, 2025, those discussed under “Special Note Regarding Forward-Looking Statements” in DFIN’s Quarterly Reports on Form 10-Q and in other investor communications of DFIN’s from time to time. DFIN does not undertake to and specifically declines any obligation to publicly release the results of any revisions to these forward-looking statements that may be made to reflect future events or circumstances after the date of such statement or to reflect the occurrence of anticipated or unanticipated events.

NON-GAAP FINANCIAL INFORMATION

This presentation contains certain non-GAAP financial measures, including non-GAAP gross profit, adjusted non-GAAP gross profit, non-GAAP gross margin, adjusted non-GAAP selling, general and administrative expenses (“SG&A”), adjusted non-GAAP income from operations, adjusted non-GAAP operating margin, Adjusted EBITDA, Adjusted EBITDA margin, non-GAAP earnings before income taxes, non-GAAP effective tax rate, adjusted non-GAAP net earnings, adjusted non-GAAP earnings per diluted share, Free Cash Flow and organic net sales. The Company believes that these non-GAAP financial measures, when presented in conjunction with comparable GAAP measures, provide useful information about the Company’s operating results and liquidity and enhance the overall ability to assess the Company’s financial performance. The Company uses these measures, together with other measures of performance under GAAP, to compare the relative performance of operations in planning, budgeting and reviewing the performance of its business.

The Company’s non-GAAP statement of operations measures, which include non-GAAP gross profit, adjusted non-GAAP gross profit, non-GAAP gross margin, adjusted non-GAAP SG&A, adjusted non-GAAP income from operations, adjusted non-GAAP operating margin, Adjusted EBITDA, Adjusted EBITDA margin, non-GAAP earnings before income taxes, non-GAAP effective tax rate, adjusted non-GAAP net earnings and adjusted non-GAAP net earnings per diluted share, are adjusted to exclude the impact of certain costs, expenses, gains and losses and other specified items that management believes are not indicative of our ongoing operations. These adjusted measures exclude the impact of expenses associated with the Company’s pension plan settlement charge, non-income tax, net, accelerated rent (benefit) expense, share-based compensation expense and eliminate potential differences in results of operations between periods caused by factors such as historic cost and age of assets, financing and capital structures, taxation positions or regimes, restructuring, impairment and other charges, net and gain or loss on certain investments, business sales and asset sales.

Free Cash Flow is a non-GAAP financial measure and is defined by the Company as net cash flow provided by operating activities less capital expenditures. By adjusting for the level of capital investment in operations, the Company believes that free cash flow can provide useful additional basis for understanding the Company’s ability to generate cash after capital investment and provides a comparison to peers with differing capital intensity.

Organic net sales is a non-GAAP financial measure and is defined by the Company as reported net sales adjusted for the changes in foreign currency exchange rates and the impact of dispositions.

These non-GAAP financial measures should be considered in addition to, not a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. In addition, these measures are defined differently by different companies in our industry and, accordingly, such measures may not be comparable to similarly-titled measures of other companies.

Q126 Trailing 4-Quarter % of Net Sales

Software Solutions	47%
Tech-enabled services	38%
Print and distribution	15%

- Due to the impact of new business segmentation introduced in 2020, annual reported and organic year-over-year growth rates on a product-level are not available
- Includes eBrevia and EdgarOnline. EdgarOnline was sold in Q4 of 2022, eBrevia was sold in Q4 of 2023.
- Refer to Appendix for GAAP to non-GAAP reconciliations
- Net Organic Sales change removes the year-over-year impact of changes in foreign exchange rates, the impact of the 2022 disposition of EdgarOnline, and the impact of the 2023 disposition of eBrevia
- Includes unallocated Corporate segment EBITDA

Totals in schedule may not foot due to rounding

Definitions

Subscription Net Sales - ActiveDisclosure	Revenue from software as a service (SaaS) subscriptions related to platform fees and XBRL packages from ActiveDisclosure clients; includes revenue related to service package and fact-tagging package subscriptions. Revenue from service and fact-tagging packages are recognized as consumed, which can fluctuate period-to-period based on usage.
Other Net Sales - ActiveDisclosure	Revenue primarily related to ad hoc support, professional services, partnerships, and transactional use cases
Annualized Recurring Revenue (ARR)	Annualized value of total subscription-based revenue under contract; inclusive of service package subscriptions under contract
Gross Revenue Retention Rate (GRR)	Percent of beginning ARR retained over a 12-month period. Calculated as of the final month of the reporting period.
Net Revenue Retention Rate (NRR)	Percent of beginning ARR retained, when incorporating expansions, add-ons, and upsells, over a 12-month period; excludes the impact of new clients. Calculated as of the final month of the reporting period.
Subscription Net Sales - Arc Suite	Revenue from software as a service (SaaS) subscriptions related to platform fees from Arc Suite clients; includes a variable component which can fluctuate period-to-period based on usage
Other Net Sales - Arc Suite	Revenue primarily related to ad hoc support, professional services, and implementation

The Company believes that certain non-GAAP measures, when presented in conjunction with comparable GAAP measures, are useful because that information is an appropriate measure for evaluating the Company's operating performance. Internally, the Company uses this non-GAAP information as an indicator of business performance, and evaluates management's effectiveness with specific reference to this indicator. These measures should be considered in addition to, not a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP.

The Company believes that certain non-GAAP measures, when presented in conjunction with comparable GAAP measures, are useful because that information is an appropriate measure for evaluating the Company's operating performance. Internally, the Company uses this non-GAAP information as an indicator of business performance, and evaluates management's effectiveness with specific reference to this indicator. These measures should be considered in addition to, not a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP.
