"Receiving this designation as one of America's Most Trustworthy Companies is an immeasurable distinction and honor for the entire WesBanco family," said Todd F. Clossin, WesBanco President and Chief Executive Officer.

"WesBanco's culture is focused on building trusted relationships with our communities, customers, employees, and investors. We create and deliver high-quality products and services founded on our rich history of stability, strength, and trust; and pride ourselves on our deep commitment to our Better Banking Pledge to deliver superior customer service to our customers. We are humbled by this recognition and pledge to continue earning our customers' trust every day."

WesBanco prides itself on delivering large bank capabilities with a community bank feel. Its services include the full range of online and mobile banking options; business and personal transaction account options and competitive lending services; a full suite of commercial banking products and services; and trust, wealth management, securities brokerage and private banking services through the century-old Trust and Investment Services department.

Newsweek and Statista Inc. identified America's Most Trustworthy Companies 2022 through an independent survey based on a vast sample of approximately 50,000 U.S. residents who rated companies they know on all three touchpoints of trust – customer trust, investor trust, and employee trust. A total of 110,000 evaluations were

submitted. All publicly traded U.S. companies across 22 industries with \$500 million or more in annual revenue have been considered in the study. The top 400 Most Trustworthy Companies were chosen based on a holistic approach to evaluating trust, and the companies that inspired the most trust tended to be long established brands.
