Good Neighbor Pharmacy Launches EnlivenHealth's New Scope of Practice and Reimbursement Snapshot at ThoughtSpot Designed to Drive Clinical Service Expansion, Reimbursement and Patient Care in Community Pharmacy

FORT WORTH, Texas--(BUSINESS WIRE)-- EnlivenHealth, a division of Omnicell, Inc., is pleased to announce the release of a first-of-a-kind Scope of Practice and Reimbursement Snapshot solution for members of **Good Neighbor Pharmacy**, a national franchise for independent pharmacies offered through **Cencora**. This new resource is designed to empower Good Neighbor Pharmacy members by providing critical information on clinical services and reimbursement information tailored to each state.

EnlivenHealth's Scope of Practice and Reimbursement Snapshot is designed to inform and grow clinical service expansion within independent pharmacy communities. By utilizing the scope of practice feature, pharmacists are able to quickly and easily access up-to-date information regarding the clinical services they can provide in their state. The reimbursement section helps summarize reimbursement activities for approved clinical services and provides users with information on the pharmacy landscape, prerequisites for billing, details on medical billing codes, and more. Good Neighbor Pharmacy members can easily access the solution through their AB Solutions Portal.

"We are excited to collaborate with Good Neighbor Pharmacy on this significant initiative," said Martha Thorne, Senior Vice President and General Manager of EnlivenHealth. "Our Scope of Practice and Reimbursement Snapshot is designed to simplify the complex landscape of clinical services and billing and aims to empower pharmacies to deliver enhanced patient care. After providing an understanding of what services a pharmacy can provide, EnlivenHealth's Amplicare Clinical Solution and Medical Billing solutions can help pharmacies operationalize those

services by seamlessly documenting and billing – which is intended to drive operational efficiency and revenue growth.”

“This collaboration with EnlivenHealth underscores our commitment to supporting our member pharmacies in expanding their clinical capabilities,” said Jenni Zilka, SVP, Community & Specialty Pharmacy and President, Good Neighbor Pharmacy . “This new solution can provide vital guidance while enabling pharmacies to navigate state-specific regulations and reimbursement processes with confidence. We are thrilled about the positive impact this solution can have on patient care and pharmacy profitability.”
