

NEWS RELEASE

Commercial Vehicle Group's (CVG) National Seating team Recognized as Diamond Supplier by Navistar

2015-02-13

NEW ALBANY, Ohio, Feb. 13, 2015 /PRNewswire/ -- On January 29th, 2015, Commercial Vehicle Group's National Seating team was awarded Diamond supplier status by Navistar in a ceremony held at Navistar International Corporation's, world headquarters in Lisle, IL. Diamond supplier status is Navistar's highest recognition in supplier excellence. Earning this award places CVG's award-winning seating group in the top 2% of suppliers who have shared this elite honor. To compete for this award, suppliers are expected to exceed standards of excellence set in Quality, Delivery, Cost and Innovation, as well providing world class customer service. This award specifically recognizes CVG's seating facilities located in Vonore, TN and Saltillo, MX where commercial truck seating products are manufactured.

"Our products are only as good as the parts we use to build them. We expect every one of our products to have exceptional quality and uptime, and the 26 suppliers receiving this award have set the bar for that level of performance," said Phil Christman, Navistar's Senior Vice President and Chief Procurement Officer.

"CVG and Navistar are strategically aligned and achieving this level of excellence strengthens our partnership and demonstrates CVG's commitment to this valuable customer. This award recognizes an outstanding performance by the CVG employees involved in truck seating, customer support, and manufacturing who are dedicated to producing a best in class seat product," said Patrick Miller, President, Global Truck and Bus. Greg Boese, Vice President, Global Seating added "our team met this challenge on a wide range of seat products in 2014. The Navistar award exhibits our long term commitment to a very valued customer."

About Commercial Vehicle Group, Inc.

Commercial Vehicle Group, Inc. (NASDAQ: CVGI) is a Delaware (USA) corporation. We were formed as a privately-

held company in August 2000. We became a publicly held company in 2004. The Company (and its subsidiaries) is a leading supplier of a full range of cab related products and systems for the global commercial vehicle market, including the medium-and heavy-duty truck market, the medium-and heavy-construction vehicle markets, the military, bus, agriculture, specialty transportation, mining, industrial equipment and off-road recreational (ATV/UTV) markets.
