SGH

SHARE SPLIT
INVESTOR Q&A

1. **What did SGH announce?**

   a. On January 4, 2022, SGH announced a 2:1 share split in the form of a 100% share dividend (the "Share Split"). Each holder of SGH's ordinary shares, $0.03 par value per share (each, a "share" and each holder of such shares, a "shareholder") receives one additional share for each share held as of a certain date, known as the "record date." As a result, the number of shares outstanding doubles, and the price at which the shares trade is expected to be reduced by half. SGH declared the Share Split to be effective February 1, 2022 for its shareholders of record on January 25, 2022. Additional information related to the Share Split is available on the Form 8-K filed with the Securities and Exchange Commission on January 4, 2022.

2. **Why did you authorize the Share Split?**

   a. To make the shares more accessible to a broader base of investors

3. **What is the record date for the Share Split?**

   a. The record date is January 25, 2022. If you are a shareholder as of the market close on the record date, you will receive one additional share for each share that you own at that time.

4. **What is the distribution date for the Share Split?**

   a. The distribution date for the additional shares is February 1, 2022. If you are a shareholder as of the record date, the additional shares will be distributed to you on the distribution date. On the following day, February 2, 2022, the number of shares you hold and the price thereof will reflect the Share Split, and SGH shares are expected to begin trading at the reduced, post-split price.

5. **What happens if I sell some of my shares before the record date?**

   a. You are not entitled to receive the additional dividend shares with respect to shares you sold before the record date.

6. **If I sold my shares between the record date and the payment date, am I entitled to dividend shares?**

   a. If you sold your shares after the record date but before the payment date, your rights to the additional shares are transferred to the purchaser. The transfer will happen automatically—there is nothing that you need to do.

7. **How will my additional shares from the Share Split be issued?**

   a. If you were a registered holder on the record date, the additional shares you are to receive as a result of the Share Split will be issued by our transfer agent, Computershare, through the Direct Registration System (DRS) into your Computershare account. This means that you have full ownership of the additional shares without the responsibility of holding the actual certificates. As a DRS transaction statement will be mailed to you by Computershare, keep it with your other important documents as a record of your ownership.

The tax basis of your shares prior to the Share Split will be divided equally between those shares and the additional shares you receive as a result of the Share Split.
