

NEWS RELEASE

Penguin Computing™ to Host Interactive Virtual Booth Experience at Supercomputing 2021

11/9/2021

Fremont, Calif. – November 9, 2021 – **Penguin Computing, Inc.**, a subsidiary of **SGH**, today announces it will host an interactive virtual experience for **Supercomputing 2021** attendees and customers. For registrants, the virtual booth will open access to Penguin Computing subject matter experts and key executives, as well as networking sessions, exclusive content, solutions demos, product updates, and giveaways.

WHAT: **Penguin Computing Virtual Booth** Network with our team of subject matter experts and executives, experience presentations and demos featuring our HPC, AI & Analytics, Cloud, and Data solutions, and view exclusive content in our video lounge. Featured demos include:

- HPC Practice: **TrueHPC**
- Data Practice: **DeepData “Ceph”, LiveData, ActiveData**, and more
- AI & Analytics Practice: **OriginAI**
- Cloud Practice: **CloudBase** and **POD™** (Penguin Computing On-Demand)

Giveaways: Collect gold coins (valued at 50-100 points each) by exploring and interacting with the different areas of the virtual booth. Collect gold coins in the virtual booth for a chance to win prizes.

WHEN: November 14-19, 2021

WHERE: Supercomputing 2021 Virtual and In-Person America’s Center Convention Complex 701 Convention Plaza, St. Louis, MO 63101
