SMART Modular Technologies Joins IGEL Ready Program

4/28/2022

SMART Modular Technologies joins a growing number of forward-thinking businesses that are integrating and validating their products through the new IGEL Ready program

NEWARK, Calif., and SAN FRANCISCO -- April 28, 2022 – **SMART Modular Technologies**, Inc. (“SMART”), a division of **SGH** (Nasdaq: **SGH**) and a global leader in memory solutions, solid-state drive (SSD) and hybrid storage products is announcing that it has joined the **IGEL Ready** program as a technology partner of **IGEL**, provider of edge OS for cloud workspaces. IGEL Ready’s enterprise software for technology companies allows memory and storage manufacturers like SMART Modular Technologies to integrate and validate its products. The goal is to drive business growth and flexible access to enterprise applications for mutual customers of SMART Modular Technologies and IGEL.

“The IGEL Ready program represents a significant opportunity for SMART Modular Technologies to put our cutting edge products in the hands of technology companies qualifying next generation platforms in conjunction with IGEL Ready’s enterprise software. SMART is looking forward to expanding our partnership with IGEL as it is certainly positioned to benefit both companies,” stated Jack Pacheco, president of SMART Modular Technologies.

Divya Saggur, director of IGEL Ready gives his view on the partnership as well, “The future of enterprise computing is in the cloud, and the IGEL Ready technology partner program makes it easy for companies, such as SMART Modular, to deploy their applications to virtual desktops and cloud workspaces, reaching new and relevant markets, while also enabling world-class customer service.” Saggur concludes, “We welcome SMART Modular Technologies to our growing ecosystem of more than 100 IGEL Ready partners as they become part of a powerful validation movement in the end user computing industry.”

Established in July 2020, IGEL Ready is a growing ecosystem of more than 100 technology partners providing hardware, software, and peripheral solutions that have been verified for use with IGEL OS to deliver a powerful, productive, and secure user experience for digital workspaces within modern workplace environments. This ecosystem enables customers to consider compatible devices and partner applications across eight categories in the **IGEL Ready Showcase**. Visit the **SMART Modular Technologies' IGEL Ready Showcase** page.
