NEWS RELEASE

Compass Pathways to participate in three investor conferences in September

2024-08-28

LONDON, Aug. 28, 2024 (GLOBE NEWSWIRE) -- Compass Pathways plc (Nasdaq: CMPS), a biotechnology company dedicated to accelerating patient access to evidence-based innovation in mental health, announced today that management will participate in the following September investor conferences:

- Morgan Stanley 22nd Annual Global Healthcare Conference: fireside chat at 7:45 am ET on September 4, 2024, and host investor meetings
- H. C. Wainwright 26th Annual Global Investment Conference: fireside chat at 9:30 am ET on September 10, 2024, and host investor meetings
- Cantor Global Healthcare Conference: fireside chat at 2:30 pm ET on September 17, 2024, and host investor meetings

A live audio webcast of these events will be accessible from the “Events” page of the Investors section of the Compass website. A replay of the webcast will be accessible for 30 days following each event.

About Compass Pathways

Compass Pathways plc (Nasdaq: CMPS) is a biotechnology company dedicated to accelerating patient access to evidence-based innovation in mental health. Our focus is on improving the lives of those who are living with mental health challenges and who are not helped by existing standards of care. We are pioneering the development of a new model of psilocybin treatment, in which our proprietary formulation of synthetic psilocybin, COMP360, is administered in conjunction with psychological support. COMP360 has Breakthrough Therapy designation from the US Food and Drug Administration (FDA) and has received Innovative Licensing and Access Pathway (ILAP) designation in the UK for treatment-resistant depression (TRD).

We have commenced a phase 3 clinical program of COMP360 psilocybin treatment in TRD, the largest randomized, controlled, double-blind psilocybin treatment clinical program ever conducted. Previously, we completed a phase 2b study with top line data showing a statistically significant ($p<0.001$) and clinically relevant improvement in depressive symptom severity after three weeks for patients who received a single 25mg dose of COMP360 psilocybin with psychological support. We have completed an open label phase 2 study of COMP360 psilocybin treatment for post-traumatic stress disorder (PTSD), and we are currently conducting a phase 2 clinical study in anorexia nervosa.

Compass is headquartered in London, UK, with offices in New York and San Francisco in the US. Our vision is a world of mental wellbeing.
