Flowserve Releases 2021 ESG Report Detailing Its Progress Toward Building a More Sustainable Future

06/30/22

DALLAS--(BUSINESS WIRE)--Jun. 30, 2022-- Flowserve Corporation (NYSE: FLS), a leading provider of flow control products and services for the global infrastructure markets, announced today the release of its 2021 Environmental, Social and Governance (ESG) Report outlining the company's commitment to create extraordinary flow control solutions that make the world better for everyone.

"Our purpose is what drives us to invest in and develop our ESG priorities at Flowserve because we recognize that positively impacting current and future environmental, social and governance issues is an endeavor that benefits everyone," said Scott Rowe, president and chief executive officer. "Our commitment to ESG impacts every part of the business, including our Diversification, Decarbonization and Digitization strategy. We believe this strategy will not only enhance our ESG efforts but will also allow us to play a critical role in supporting our customers build a better tomorrow."

Flowserve's 2021 ESG Report highlights the impact Flowserve made throughout the year including the following examples:

- Delivered strong safety performance with marked improvement in safety maturity growth through TargetZero
- Continued progress to achieve our 2030 carbon emissions reduction goal
- Supported 150 charitable organizations through Flowserve Cares to invest in the health and betterment of our global communities

- Booked more than \$100M in energy transition projects in 2021 to help our customers improve their energy efficiency and reduce equipment emissions, minimize lifecycle equipment costs, reduce maintenance requirements, and simplify equipment operation
- Recognized by *Forbes* magazine as one of the World's Top Female Friendly Companies
- Awarded by *Newsweek* magazine as one of America's Most Responsible Companies for the third consecutive year
- Earned recognition for our sustainability performance and improved EcoVadis rating with Chemours Supplier Award

Additionally, in 2021, Flowserve conducted a third-party materiality assessment of ESG issues impacting the company as well as those over which Flowserve has an influence. The results of this assessment will be used to inform Flowserve's ESG strategy and priorities as it continues to move its ESG program forward to provide greater impact to its business, society and the environment.

Safe Harbor Statement: This news release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. Words or phrases such as "may," "should," "expects," "could," "intends," "plans," "anticipates," "estimates," "believes," "forecasts," "predicts" or other similar expressions are intended to identify forward-looking statements, which include, without limitation, earnings forecasts, statements relating to our business strategy and statements of expectations, beliefs, future plans and strategies and anticipated developments concerning our industry, business, operations and financial performance and condition.

The forward-looking statements included in this news release are based on our current expectations, projections, estimates and assumptions. These statements are only predictions, not guarantees. Such forward-looking statements are subject to numerous risks and uncertainties that are difficult to predict. These risks and uncertainties may cause actual results to differ materially from what is forecast in such forward-looking statements, and include, without limitation, the following: a portion of our bookings may not lead to completed sales, and our ability to convert bookings into revenues at acceptable profit margins; changes in global economic conditions and the potential for unexpected cancellations or delays of customer orders in our reported backlog; our dependence on our customers' ability to make required capital investment and maintenance expenditures; risks associated with cost overruns on fixed-fee projects and in taking customer orders for large complex custom engineered products; the substantial dependence of our sales on the success of the oil and gas, chemical, power generation and water management industries; the adverse impact of volatile raw materials prices on our products and operating margins; our ability to execute and realize the expected financial benefits from our strategic manufacturing optimization and realignment initiatives; economic, political and other risks associated with our international operations, including military actions or trade embargoes that could affect customer markets, particularly Middle Eastern markets and global oil and gas producers, and non-compliance with U.S. export/re-export control, foreign corrupt practice laws, economic sanctions and import laws and regulations; increased aging and slower collection of receivables, particularly in Latin America and other emerging markets; our exposure to fluctuations in foreign currency exchange rates, including in hyperinflationary countries such as Venezuela; our furnishing of products and services to nuclear power plant facilities and other critical processes; potential adverse consequences resulting from litigation to which we are a party, such as litigation involving asbestos-containing material claims; a foreign government investigation regarding our participation in the United Nations Oil-for-Food Program; expectations regarding acquisitions and the integration of acquired businesses; our ability to anticipate and manage cybersecurity risk, including the risk of potential business disruptions or financial losses; our relative geographical profitability and its impact on our utilization of deferred tax assets, including foreign tax credits; the potential adverse impact of an impairment in the carrying value of goodwill or other intangible assets; our dependence upon third-party suppliers whose failure to perform timely could adversely affect our business operations; the highly competitive nature of the markets in which we operate; environmental compliance costs and liabilities; potential work stoppages and other labor matters; our inability to protect our intellectual property in the U.S., as well as in foreign countries; obligations under our defined benefit pension plans; and other factors described from time to time in our filings with the Securities and Exchange Commission.

All forward-looking statements included in this news release are based on information available to us on the date hereof, and we assume no obligation to update any forward-looking statement.
