FORWARD-LOOKING STATEMENTS

Non-GAAP Financial Measures

Statements included herein that are not historical in nature, are intended to be, and are hereby identified as “forward- looking statements” for purposes of the safe harbor provided by Section 21E of the Securities Exchange Act of 1934, as amended. In addition, the Company and its representatives may from time to time make other oral or written statements that are also “forward-looking statements.” Words such as “achieve,” “believe,” “can,” “continue,” “continuing,” “could,” “deliver,” “enhance,” “expect,” “forecast,” “focus,” “future,” “goal,” “guidance,” “improvement,” “likely,” “may,” “might,” “ongoing,” “outlook,” “plan,” “project,” “projected,” “remain,” “seek,” “should,” “strategy,” “target,” “will,” “would,” “working,” or the negative thereof, and similar expressions identify forward-looking statements.

Forward-looking statements in this communication include statements regarding, but not limited to: the Company’s future operating and financial performance, including full year 2026 outlook and the anticipated drivers thereof and cash flow in 2026; the Company’s ability to improve its competitive position and drive cost savings, including through its profitability performance plan; price/cost, customer demand and volume outlook; the continued focus on planned structural and operational savings actions to achieve long-term margin improvement goals; the effectiveness of and expected benefits from the Company’s strategy and strategic initiatives, including with respect to sustainable growth, margin improvement, and capital allocation; the expected timing, capacity increases, benefits and other effects associated with new or expanded facilities; the effects of the changing macroeconomic and geopolitical environment, including trade policies and tariffs, market conditions, inflation and interest costs on the Company, its supply chain and its customers, and the Company’s ability to manage risks related thereto; and the Company’s ability to execute through economic cycles and reduce debt, generate long-term shareholder value and return capital to shareholders. Such forward-looking statements are based on current expectations, estimates and projections about our industry, management’s beliefs and certain assumptions made by management. Such information includes, without limitation, discussions as to guidance and other estimates, perceived opportunities, expectations, beliefs, plans, strategies, goals and objectives concerning our future financial and operating performance. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict. Therefore, actual results may differ materially from those expressed or forecasted in such forward-looking statements.

Such risks, uncertainties and assumptions include, without limitation, those related to: the Company’s ability to execute on its strategy, including with respect to the integration of the Eviosys operations, divestitures, cost management, productivity improvements, restructuring and capital expenditures, and achieve the benefits it expects therefrom; conditions in the credit markets; the ability to retain key employees and successfully integrate Eviosys; the ability to realize estimated cost savings, synergies or other anticipated benefits of the Eviosys acquisition, or that such benefits may take longer to realize than expected; diversion of management’s attention; the potential impact of the consummation of the Eviosys acquisition on relationships with clients and other third parties; lower-than-projected financial performance of the Company’s European business, including as a result of loss or reduction in business from key customers, changes in our pricing model, or adverse changes in the macroeconomic or competitive environment in European markets; risks related to the impairment of goodwill and other intangible; the operation of new manufacturing capabilities; the Company’s ability to achieve anticipated cost and energy savings; the availability, transportation and pricing of raw materials, energy and transportation, including the impact of changes in tariff or other trade policies or sanctions and escalating trade wars, and the impact of war, general regional instability and other geopolitical tensions (such as the ongoing conflicts between Russia and Ukraine and in the Middle East, the potential escalation of tensions between China and Taiwan and recent events in Venezuela), and the Company’s ability to continue to pass raw material, energy and transportation price increases and surcharges through to customers or otherwise manage these commodity pricing risks; the costs of labor; the effects of inflation, changes related to tariffs or other trade policies and global regulations, as well as the overall uncertainty surrounding international trade relations; fluctuations in consumer demand, volume softness, and other macroeconomic factors on the Company and the industries in which it operates and that it serves; the impact of changing laws and regulations, in the United States, on the Company; the Company’s ability to meet its environmental, sustainability and similar goals and other social and governance goals, including challenges in implementation thereof; natural disasters, severe weather events, and other unexpected disruptions to facility operations; and the other risks, uncertainties and assumptions discussed in the Company’s filings with the Securities and Exchange Commission, including its most recent reports on Forms 10-K and 10-Q, particularly under the heading “Risk Factors.” The Company undertakes no obligation to publicly update or revise forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking events discussed herein might not occur.

Information about the Company’s use of non-GAAP financial measures, why management believes presentation of non-GAAP financial measures provides useful information to investors about the Company’s financial condition and results of operations, and the purposes for which management uses non-GAAP financial measures is included in the Company’s Annual Report and on the Company’s website at investor.sonoco.com under Webcasts & Presentations, and Non-GAAP Reconciliations for the Q2 2026 Earnings Presentation. Pursuant to the requirements of Regulation G, the Company has provided definitions of the non-GAAP measures discussed during this presentation as well as reconciliations of those measures to the most closely related GAAP measure on its website at investor.sonoco.com.

This presentation does not constitute the solicitation of the purchase or sale of any securities.
