

# RLI Transportation Announces Partnership With Netradyne

2025-11-11

PEORIA, Ill.--(BUSINESS WIRE)-- RLI Corp. (NYSE: RLI) -- RLI Transportation, a division of RLI Insurance Company, today announced a partnership with Netradyne, a leading provider of artificial intelligence (AI) and edge computing solutions that enhance driver safety and fleet performance, to help commercial fleets significantly reduce accidents and improve driver behavior.

Through this partnership, RLI Transportation customers will gain access to Netradyne's Driver•i® video telematics solution, which promote safer driving through real-time coaching, video-based risk detection, positive recognition for drivers and advanced analytics. The collaboration supports RLI's ongoing investment in innovative, technology-driven solutions that help commercial transportation companies improve safety, reduce accidents and manage costs.

Through the program, RLI insureds who use Netradyne's dual-facing dashcams are eligible for an insurance premium discount of up to 5%. A discount of up to 2% is available to customers who use only outward-facing cameras. In addition, RLI's loss control experts will work directly with customers to analyze driver data, tailor risk management strategies and maximize the benefits of the Driver•i® platform.

"RLI is committed to advancing fleet safety through innovative technology," said Jamie Wilson, RLI Transportation, Assistant Vice President of Loss Control. "This partnership combines Netradyne's AI-driven insights with our proactive risk management solutions to help our customers identify and correct risky driving behaviors earlier, reinforce positive driving patterns, reduce costly losses and improve driver safety through risk reduction."

"At Netradyne, our mission has always been to make roads safer by recognizing and reinforcing positive driver behavior," said Adam Kahn, Chief Marketing Officer at Netradyne. "Partnering with a forward-thinking insurer like

RLI amplifies that mission.”
